**MỌWHÌ GOGHA DÈ NỊTŁÈÈ, WEK'ÈEZHÌ,
TŁ̄CHỌ LANDS AND EZỌDZÌTÌ**

CHAPTER 2

GENERAL PROVISIONS

2.1 STATUS OF AGREEMENT

- 2.1.1 The Agreement is a land claims agreement within the meaning of section 35 of the *Constitution Act, 1982*. Unless expressly provided otherwise, no agreement made under or provided for in the Agreement but that is not part of the Agreement is a land claims agreement within the meaning of that section.
- 2.1.2 Ratification of the Agreement by the Tłı̨chǫ in accordance with 4.2 and by government in accordance with 4.3 is a condition precedent to the validity of the Agreement and, until such ratification, the Agreement is null and void and of no effect.

2.2 TŁĮCHǪ RIGHTS AND BENEFITS

- 2.2.1 Nothing in the Agreement or in the settlement legislation shall remove from the Tłı̨chǫ First Nation its identity as an Aboriginal people of Canada or, subject to 2.6, affect the ability of Tłı̨chǫ Citizens to participate in or benefit from any existing or future constitutional rights for Aboriginal people which may be applicable to them.
- 2.2.2 Nothing in the Agreement shall affect the ability of the Tłı̨chǫ Government and Tłı̨chǫ Citizens to participate in and benefit from government programs for status Indians, non-status Indians or Métis, as the case may be. Benefits received under such programs shall be determined by general criteria established from time to time.
- 2.2.3 When the Tłı̨chǫ Government applies to government for program funding, the determination by government of the entitlement for funding shall take into account the fact that the Tłı̨chǫ Government is the legal successor of the Dog Rib Rae Band, the Whati First Nation Band, the Gameti First Nation Band and the Dechi Laot'i First Nations Band.
- 2.2.4 Nothing in the Agreement shall affect the rights of Tłı̨chǫ Citizens as Canadian citizens and they shall continue to be entitled to all the rights and benefits of all other Canadian citizens applicable to them from time to time.
- 2.2.5 Enrolment as a Tłı̨chǫ Citizen does not affect a person's identity as an Indian, Inuk or Métis.
- 2.2.6 Enrolment as a Tłı̨chǫ Citizen shall not confer any rights or benefits under the *Indian Act* or a right of entry into Canada or of Canadian citizenship.

Tłı̨chǫ Agreement

- 2.2.7 The *Indian Act* does not apply to Tłı̨chǫ Citizens, except for the purpose of determining whether or not a Tłı̨chǫ Citizen is an “Indian” under that Act and for the administration of the property of any person where it was being administered by the Minister of Indian Affairs and Northern Development under that Act before the effective date.
- 2.2.8 Nothing in the Agreement shall be construed to affect hunting, trapping or fishing rights under a Natural Resources Transfer Agreement, or under treaty, in British Columbia, Alberta, Saskatchewan or Manitoba of any person who is eligible to be enrolled as a Tłı̨chǫ Citizen.
- 2.2.9 Nothing in the Agreement shall be interpreted so as to limit or extend any authority of the Parties to negotiate and enter into international, national, interprovincial, and inter-territorial agreements, but this does not prevent the Tłı̨chǫ Government from entering into agreements with a federal, provincial or territorial government for the provision of specific programs and services.
- 2.2.10 Rights and benefits provided under the Agreement for the Tłı̨chǫ First Nation are vested in Tłı̨chǫ Citizens collectively and may be exercised by individual Tłı̨chǫ Citizens subject to any limitations established by or under any provisions of the Agreement, including any limitations established by the Tłı̨chǫ Government. No Tłı̨chǫ Citizen has a right to land, money or other benefits under the Agreement unless specifically provided for in the Agreement, or by decision of the Tłı̨chǫ Government.
- 2.3 STATUS OF TŁĮCHǪ LANDS
- 2.3.1 Tłı̨chǫ lands are deemed not to be lands reserved for the Indians within the meaning of the *Constitution Act, 1867* or reserves within the meaning of the *Indian Act*.
- 2.4 INTER-GOVERNMENTAL DEVOLUTION
- 2.4.1 Nothing in the Agreement shall prejudice the devolution or transfer of responsibility or powers from the Government of Canada to the Government of the Northwest Territories.
- 2.5 TREATY 11
- 2.5.1 The historical and cultural importance of Treaty 11 is hereby recognized and there shall be annual meetings to affirm this recognition, to make annual treaty payments and to recognize the importance of the Agreement.
- 2.6 CERTAINTY
- 2.6.1 Except as provided in 2.10, the Tłı̨chǫ will not exercise or assert any Aboriginal or treaty rights, other than
- (a) any right set out in the Agreement; or
 - (b) the Treaty 11 rights respecting annual payments to the Indians and payment of the salaries of teachers to instruct the children of the Indians.
-

Tłı̨chọ Agreement

- 2.6.2 A Tłı̨chọ person who is not a Tłı̨chọ Citizen will not exercise or assert any Aboriginal or treaty right held by the Tłı̨chọ.
- 2.6.3 For greater certainty,
- (a) 2.6.1 prevents a Tłı̨chọ Citizen from exercising or asserting any Aboriginal or treaty rights other than those referred to in 2.6.1(a) and (b); and
 - (b) 2.6.2 does not prevent a Tłı̨chọ person who is not a Tłı̨chọ Citizen from exercising or asserting any Aboriginal or treaty right held by another Aboriginal people of which that person is a member.
- 2.6.4 The purpose of 2.6.1 and 2.6.2 is

 - (ii) to any Tłı̨chọ person who is not a Tłı̨chọ Citizen, in relation to any Aboriginal or treaty right held by the Tłı̨chọ as if those rights did not continue to exist.
- 2.6.5 The Tłı̨chọ and the persons who comprise it, prior to or after the effective date, release government and all other persons from all claims, of whatever nature or kind and whether known or unknown, that they ever had, now have or may have in the future, arising from any act or omission that occurred prior to the effective date and that may have affected any land right that was, at the time of the act or omission, an Aboriginal or treaty right held by the Tłı̨chọ.
- 2.6.6 The Tłı̨chọ and the persons who comprise it, prior to or after the effective date, release government and all other persons from all claims, of whatever nature or kind and whether known or unknown, that they now have or may have in the future, arising from any act or omission that occurred on or after the effective date and that may have affected any right that, under 2.6.1, is not exercisable or assertable.
- 2.6.7 In consideration of the rights in the Agreement, the Tłı̨chọ Government will indemnify and forever save harmless government from any claim to which 2.6.5 or 2.6.6 applies and that was brought on or after the effective date against government. For greater certainty, the right to be indemnified shall not extend to any claim relating to or in any way arising from the failure of government to carry out its obligations under the Agreement.

Tłı̨chǫ Agreement

2.6.8 The right to be indemnified under 2.6.7 applies only if government vigorously defends the claim and does not compromise or settle it without the consent of the Tłı̨chǫ Government. The right to be indemnified under 2.6.7 does not apply to any costs incurred by government in such a defence or settlement.

2.6.9 If 2.6.1 or 2.6.2 is not enforceable in relation to a land right, and that

- (a) results in the imposition on government or any person of any obligations, related to that right, to the Tłı̨chǫ or any person who is not to exercise or assert it;
- (b) affects the ability of Tłı̨chǫ Citizens, the Tłı̨chǫ First Nation or the Tłı̨chǫ Government to exercise and enjoy all their rights, authorities, jurisdictions and privileges that are set out in the Agreement; or
- (c) affects the ability of any other person or government to exercise and enjoy all the rights, authorities, jurisdictions and privileges they would have if that right did not continue to exist,

the Tłı̨chǫ cede, release and surrender, as of the effective date, that land right to the extent required to achieve the purpose in 2.6.4.

2.6.10 If the continued existence of a land right, that under 2.6.1 or 2.6.2 is not exercisable or assertable,

- (a) results in the imposition on government or any person of any obligations, related to that right, to the Tłı̨chǫ or any person who is not to exercise or assert it;
- (b) affects the ability of Tłı̨chǫ Citizens, the Tłı̨chǫ First Nation or the Tłı̨chǫ Government to exercise and enjoy all their rights, authorities, jurisdictions and privileges that are set out in the Agreement; or
- (c) affects the ability of any other person or government to exercise and enjoy all the rights, authorities, jurisdictions and privileges they would have if that right did not continue to exist,

 - (ii) any Aboriginal rights of any Aboriginal people other than the Tłıchǫ.

2.7.2 If a superior court of a province or territory, the Federal Court of Canada or the Supreme Court of Canada finally determines that 2.7.1 has the effect of rendering a provision of the Agreement wholly or partially inoperative or ineffective because that provision of the Agreement would otherwise affect any right referred to in 2.7.1(b),

- (a) upon notice by a Party, the Parties shall enter into negotiations for the amendment of the Agreement in order to resolve any problems caused by that provision being inoperable or ineffective and to provide new or replacement rights that are equivalent to or compensate for any rights of Tłıchǫ Citizens, the Tłıchǫ First Nation or the Tłıchǫ Government that would have been enjoyed under the provision; and
- (b) if the Parties fail to reach agreement on an amendment under (a) within 90 days of the notice, a Party may refer the matter for resolution in accordance with chapter 6.

2.7.3 Notwithstanding any other provision in the Agreement, the Tłıchǫ Government may, pursuant to an agreement with another Aboriginal people, agree to share with that Aboriginal people rights held by Tłıchǫ Citizens, the Tłıchǫ First Nation or the Tłıchǫ Government under this Agreement, provided that no such sharing agreement shall affect the rights held by persons or peoples who are not party to that sharing agreement.

2.7.4 If an Aboriginal people reaches an agreement with the Tłıchǫ Government and with government to modify the authority or structure of the Wek'èezhì Renewable Resource Board or the Wek'èezhì Land and Water Board, the Parties shall amend the Agreement accordingly.

2.8 INTERPRETATION

2.8.1 The Agreement shall be the entire agreement and there is no representation, warranty, collateral agreement or condition affecting the Agreement except as provided by the Agreement.

2.8.2 Unless otherwise provided in the Agreement and to the extent consistent with the Agreement, legislation shall apply to the Tłıchǫ Government, Tłıchǫ Citizens and Tłıchǫ lands, waters in, on or under Tłıchǫ lands and resources on or in such lands and waters.

- 2.8.3 Where there is any inconsistency or conflict between the provisions of the settlement legislation or the Agreement and the provisions of any other legislation or Tłı̨chǫ laws, the provisions of the settlement legislation or the Agreement, as the case may be, shall prevail to the extent of the inconsistency or conflict.
- 2.8.4 Where there is any inconsistency or conflict between the settlement legislation and the Agreement, the Agreement shall prevail to the extent of the inconsistency or conflict.

The participation of the Tłı̨chǫ Government in such judicial proceedings will be in accordance with the applicable rules of court and will not affect the ability of the court to control its process.

7.6.4 The Tłı̨chǫ Government is responsible for the prosecution of violations of Tłı̨chǫ laws before the courts of the Northwest Territories and for appeals or other judicial proceedings with respect to such prosecutions, and will ensure that such prosecutions are consistent with the common law standards required for similar types of offences in Canada taking into account the culture and customs of the Tłı̨chǫ First Nation.

7.7.2 In the case of conflict between federal legislation of general application and a Tłı̨chǫ law, the federal legislation prevails to the extent of the conflict and in the case of conflict between any other federal legislation and a Tłı̨chǫ law, the Tłı̨chǫ law prevails to the extent of the conflict.

7.7.3 Except where provided otherwise in the Agreement, in the case of conflict between territorial legislation of general application and a Tłı̨chǫ law, the Tłı̨chǫ law prevails to the extent of the conflict.

7.7.4 In the case of conflict between a Tłı̨chǫ law and a provision of territorial legislation that implements an obligation of the Government of Canada under an international agreement, the provision of the territorial legislation prevails to the extent of the conflict.

7.8 REGISTER OF TŁİCHǪ LAWS

7.8.1 The Tłı̨chǫ Government shall maintain, at its principal administrative offices, a register on which it shall enter the text of all Tłı̨chǫ laws, including any amendment to those laws.

7.8.2 Every person shall have reasonable access to the register during normal business hours.

7.8.3 The Tłı̨chǫ Government upon request shall provide, at cost, copies of Tłı̨chǫ laws.

7.9 COORDINATION OF PROGRAM AND SERVICE DELIVERY

7.9.2 Where one of the Parties is of the opinion that there may be or has been a serious disruption in the delivery of a program or service on Tłı̨chǫ lands or in a Tłı̨chǫ community, then, on 60 days notice by one of the Parties, the Parties will enter into discussions for the purpose of reaching agreement on whether there has been a disruption and if so, on how best to deal with it, including any cost-sharing arrangements. During the course of these discussions, the Parties shall consider

- (a) the impact of the disruption on the delivery of the program or service;
- (b) the options for maintaining the delivery, financing and administration of the program or service; and
- (c) the potential cost implications of such options for each of the Parties.

7.9.3 Government and the Tłı̨chǫ Government may enter into agreements to coordinate the delivery of programs and services or to otherwise harmonize program and service delivery, including arrangements for information sharing, record-keeping, methods of ensuring comparability of standards, cooperation in negotiation of inter-jurisdictional agreements, and any other measures as agreed.

7.10 INTERGOVERNMENTAL SERVICES AGREEMENTS

7.10.1 The Agreement shall not come into effect until the first intergovernmental services agreement, negotiated by government and the Dogrib Treaty 11 Council and as submitted by the chief negotiators to their principals during the ratification process, has been signed.

7.10.2 The first intergovernmental services agreement referred to in 7.10.1 and any subsequent agreement shall, where practicable, provide for the delivery of a type of program or service to all persons on Tłı̨chǫ lands or in a Tłı̨chǫ community by a single mechanism.

7.10.3 The primary objective of an intergovernmental services agreement is

- (a) to provide for the management, administration and delivery of health, education, welfare, family or other social programs and services to persons other than Tłı̨chǫ Citizens on Tłı̨chǫ lands or in a Tłı̨chǫ community and to Tłı̨chǫ Citizens; and
- (b) to be the instrument through which government and the Tłı̨chǫ Government exercise their authorities over these types of programs and services and assume responsibility and accountability for their delivery,

- (c) provisions implementing the principle that persons affected by an intergovernmental services agreement should have an opportunity to participate in the decision making process with respect to the management and delivery of the programs and services covered by it, provided that, in the case of programs and services delivered by an institution of government or of the Tłı̨chǫ Government or by a joint institution of both, this principle shall be implemented by providing an appropriate opportunity for those persons to be represented on that institution;
- (d) provisions for the resolution of disputes; and
- (e) provisions for its periodic review, a process for its amendment and a process, including appropriate notice periods, for its renewal or replacement.

Tłı̨chǫ Agreement

- 7.10.5 The first intergovernmental services agreement shall be in effect for a period of 10 years from the effective date, unless another time period is set out in that agreement and may, upon its expiration, be renewed or replaced by another intergovernmental services agreement on all or any of the types of programs and services covered by the first agreement.
- 7.10.6 Unless the Parties otherwise agree, at least two years prior to the expiration date of an intergovernmental services agreement, the Parties shall give notice to each other as to whether they wish to negotiate a renewal or replacement agreement.
- 7.10.7 During the negotiation of an intergovernmental services agreement after the first one, the Parties shall review the financing agreement referred to in 7.11 to determine whether any amendments are required to the financing agreement in relation to financing in support of the intergovernmental services agreement.

- 7.10.9 An intergovernmental services agreement shall bind the Tłı̨chǫ Government, the Government of the Northwest Territories and the Government of Canada as parties.
- 7.10.10 Where government provides a health, education, welfare, family or other social program or service in the Northwest Territories, it shall provide the program or service
- (a) to Tłı̨chǫ Citizens in a community in the Northwest Territories at a level comparable to that at which it is provided to all persons resident in that community; and
 - (b) in each Tłı̨chǫ community at a level comparable to that at which it is provided in a similar community in the Northwest Territories.
- 7.10.11 In the absence of an intergovernmental services agreement in relation to any health, education, welfare, family or other social program or service provided to the residents of the Northwest Territories, the Parties shall exercise their powers, to the extent practicable, so as to
- (a) minimize duplication and other inefficiencies in the delivery of such a program or service; and
 - (b) take advantage of opportunities for administrative harmonization and sharing of facilities in the delivery of such a program or service.
- 7.11 FINANCING AGREEMENTS
- 7.11.1 The Agreement shall not come into effect before the signing of the first financing agreement by the Government of Canada and the Dogrib Treaty 11 Council as submitted by the chief negotiators for the Government of Canada and the Dogrib Treaty 11 Council to their principals.

- 7.11.3 The following are objectives for the negotiation of a financing agreement:
- (a) the Tłchq Government and its institutions be able to

 - (c) opportunities for economies, including the possibilities for cooperative or joint arrangements among government, Tłchq community governments and the Tłchq Government for the management and delivery of programs or services;
 - (d) other financing provided to the Tłchq Government;
 - (e) geographic distribution of the population receiving services covered by the financing agreement from the Tłchq Government;
 - (f) the prevailing fiscal policies of government;
 - (g) the costs to government of managing and delivering a particular program or service for which the Tłchq Government is assuming responsibility;
 - (h) the desirability of funding arrangements that are reasonably stable and predictable; and
 - (i) such other matters as government and the Tłchq Government may agree.
- 7.11.5 To assist in the negotiation of a financing agreement, government and the Tłchq Government shall disclose all relevant information required for those negotiations.

- 7.11.6 A financing agreement shall set out
- (a) the amounts of money to be provided by government towards the cost of establishing and operating the Tłchq Government and its institutions including any role identified for it or them under an intergovernmental services agreement made under 7.10;

- 7.11.7 Subject to 7.11.8, the Tłchq Government and Tłchq Citizens may continue to access federal and territorial program financing in accordance with program authorities and conditions in effect from time to time.
- 7.11.8 Notwithstanding 2.2.2, a financing agreement may provide that, in consideration of the money to be provided under it, the Tłchq Government and Tłchq Citizens are not eligible for specified program financing.
- 7.11.9 Monies to be provided under a financing agreement shall be paid out of such monies as may be appropriated by Parliament or the Legislature of the Northwest Territories for those purposes.
- 7.11.10 Financing agreements shall not form part of the Agreement.
- 7.11.11 A financing agreement shall bind government and the Tłchq Government as parties.
- 7.11.12 The levels of financing provided pursuant to a financing agreement may be adjusted annually according to a formula set out in the financing agreement.
- 7.12 GENERAL OBLIGATIONS
- 7.12.1 Except where expressly agreed by the Parties, nothing in this chapter creates or implies or can be used by any Party to create for another Party or for any other jurisdiction any financing obligations or any obligations to provide programs and services.

7.13 INTERNATIONAL LEGAL OBLIGATIONS

7.13.1 The following definition applies in 7.13.

“international treaty” means an agreement governed by international law and concluded in written form

(a) between States; or

(b) between one or more States and one or more international organizations,

whether that agreement is embodied in a single instrument or in two or more related instruments and whatever its particular designation.

7.13.2 Prior to consenting to be bound by an international treaty that may affect a right of the Tłı̨chų Government, the Tłı̨chų First Nation or a Tłı̨chų Citizen, flowing from the Agreement, the Government of Canada shall provide an opportunity for the Tłı̨chų Government to make its views known with respect to the international treaty either separately or through a forum.

7.13.3 Where the Government of Canada informs the Tłı̨chų Government that it considers that a law or other exercise of power of the Tłı̨chų Government causes Canada to be unable to perform an international legal obligation, the Tłı̨chų Government and the Government of Canada shall discuss remedial measures to enable Canada to perform the international legal obligation. Subject to 7.13.4, the Tłı̨chų Government shall remedy the law or other exercise of power to the extent necessary to enable Canada to perform the international legal obligation.

7.13.4 Where the Government of Canada and the Tłı̨chų Government disagree over whether a law or other exercise of power of the Tłı̨chų Government causes Canada to be unable to perform an international legal obligation, the dispute shall be resolved pursuant to 6.4 and 6.5, except that 6.5.4, 6.5.5 and 6.5.10 shall not apply in the resolution of such a dispute. If the arbitrator, having taken into account all relevant considerations including any reservations and exceptions available to Canada, determines that the law or other exercise of power of the Tłı̨chų Government does not cause Canada to be unable to perform the international legal obligation, the Government of Canada shall not take any further action for this reason aimed at changing the Tłı̨chų Government law or other exercise of power. If the arbitrator, having taken into account all relevant considerations including any reservations and exceptions available to Canada, determines that the Tłı̨chų Government law or other exercise of power causes Canada to be unable to perform the international legal obligation, the Tłı̨chų Government shall remedy the law or other exercise of power to enable Canada to perform the international legal obligation. The resolution of a dispute pursuant to this paragraph is without prejudice to the application of 7.13.6.

- 7.13.5 The Government of Canada shall consult the Tłı̨chǫ Government in the development of positions taken by Canada before an international tribunal where a law or other exercise of power of the Tłı̨chǫ Government has given rise to an issue concerning the performance of an international legal obligation of Canada. Canada's positions before the international tribunal shall take into account the commitment of the Parties to the integrity of this Agreement.
- 7.13.6 Notwithstanding 7.13.4, if there is a finding of an international tribunal of non-performance of an international legal obligation of Canada attributable to a law or other exercise of power of the Tłı̨chǫ Government, the Tłı̨chǫ Government shall, at the request of the Government of Canada, remedy the law or action to enable Canada to perform the international legal obligation consistent with the compliance of Canada.
- 7.13.7 For greater certainty, reference to Canada's international legal obligations in the Agreement includes those that are in force on or after the effective date.
- 7.14 TRANSITIONAL
- 7.14.1 On the effective date, the Dogrib Treaty 11 Council, the Dog Rib Rae band, the Whati First Nation band, the Gameti First Nation band and the Dechi Laot'i First Nations band cease to exist and are succeeded by the Tłı̨chǫ Government.
- 7.14.2 On the effective date, the assets and liabilities of the bands referred to in 7.14.1 become the assets and liabilities of the Tłı̨chǫ Government.
- 7.14.3 Any monies held by the Government of Canada for the use and benefit of the bands referred to in 7.14.1 shall be transferred to the Tłı̨chǫ Government as soon as practicable after the effective date.
- 7.14.4 On the effective date,
- (a) any assets or liabilities of the Dogrib Treaty 11 Council become the assets and liabilities of the Tłı̨chǫ Government; and
 - (b) the Executive of the Dogrib Treaty 11 Council that is in office immediately before that date becomes the governing body of the Tłı̨chǫ Government until replaced in accordance with the Tłı̨chǫ Constitution.

8.5.2 In the case of any conflict between a Tłı̨chọ law and legislation establishing a Tłı̨chọ community government, the legislation establishing the Tłı̨chọ community government prevails to the extent of the conflict.

8.5.3 Except where otherwise provided in the Agreement, in the case of any inconsistency or conflict between laws enacted by a Tłı̨chọ community government and other territorial legislation, the other territorial legislation prevails to the extent of the inconsistency or conflict.

8.8.3 In the agreement under 8.8.1, the Parties shall describe the amendment to the Agreement required to reflect the dissolution of any Tłıchǫ community government or the relocation of any Tłıchǫ community.

3. Before requesting the territorial Minister to expand the boundary of a Tłıchǵ community into an area containing Tłıchǵ lands, the Tłıchǵ community government shall discuss with the Tłıchǵ Government the need for the expansion and shall attempt to negotiate an agreement with the Tłıchǵ Government for the conveyance of the Tłıchǵ lands required for the expansion.
4. Where the territorial Minister receives a request from a Tłıchǵ community government but decides not to expand the boundary of the community, the Minister shall provide written reasons to the community government for that decision.

All such leases will come into effect on the effective date and the agreement will bind the Tłıchǫ community government on whose behalf it was executed.

9.1.4 Before the effective date, the chief negotiators may agree in writing to amend part 3 of the appendix to this chapter by adding thereto the descriptions of additional leases, and that part of the appendix shall be deemed to have been amended in accordance with such an amending agreement upon the execution of the amending agreement by the chief negotiators.

9.1.5 During the first year after the effective date, the Parties will, following consultation with the affected Tłıchǫ community government, amend part 2 of the appendix to this chapter to include any interests granted before the effective date that are in effect immediately before that date.

- 9.1.6 During the first year after the effective date, the Parties may amend part 1 or part 2 or the appendix to this chapter to
- (a) correct an error in the description of a parcel described in part 1 or in a document listed in that part or of an interest listed in part 2;
 - (b) include in part 1 the description of a parcel held, immediately before the effective date, in fee simple or the description of a document containing the description of such a parcel;
 - (c) remove from part 1 the description of a parcel not held in fee simple immediately before the effective date or the description of a document containing the description of such a parcel; or
 - (d) remove from part 2 an interest that did not exist immediately before the effective date.
- 9.1.7 An amendment under 9.1.5 or 9.1.6 shall be deemed to have been made immediately before the effective date.
- 9.1.8 In the case of a dispute among the Parties as to whether any interest, renewal or replacement has been granted before the effective date or is still in effect immediately before that date, one of the Parties may refer the dispute for resolution in accordance with chapter 6. Any interest that an arbitrator determines under chapter 6 to have been granted before the effective date and to still have been in effect immediately before that date shall be deemed to have been included in part 2 of the appendix to this chapter immediately before the effective date.
- 9.1.9 For greater certainty, a Tłchq community government may not acquire, by agreement or by expropriation, the fee simple interest in any mines or minerals, other than specified substances, but may, without any approval by government, acquire fee simple title in any part of a parcel that is adjacent to or under a water body in that community.
- 9.1.10 Upon acquisition by a Tłchq community government of the fee simple interest of any part of a parcel in that community that is described in part 1 of the appendix to this chapter or described in a document listed in that part, that land becomes Tłchq community land.
- 9.1.11 After the effective date, government shall not grant any new mining rights within the boundary of a Tłchq community.
- 9.1.12 The powers and obligations of the lessor or any representative of the lessor in relation to a lease listed in part 2 of the appendix to this chapter shall be assumed by the Tłchq community government to whose land the lease relates or by any other territorial official or body identified by the legislation establishing the Tłchq community governments.
- 9.1.13 Territorial legislation applies to a lease listed in part 2 of the appendix to this chapter instead of any federal legislation cited in the lease.

9.1.14 The Supreme Court of the Northwest Territories shall assume any jurisdiction confirmed for the Federal Court in a lease listed in part 2 of the appendix to this chapter.

9.2 NEW OR EXPANDED TŁ̨CHǪ COMMUNITIES

9.2.1 Subject to 9.2.2, the fee simple title to any Tłı̨chǫ land in a Tłı̨chǫ community that was established or whose boundary was expanded after the effective date shall be conveyed to the Tłı̨chǫ community government or to government for subsequent conveyance to the Tłı̨chǫ community government, in accordance with 18.1.9 or expropriated for that Tłı̨chǫ community in accordance with chapter 20. The title to these Tłı̨chǫ community lands is subject to any interests listed in part 2 of the appendix to chapter 18, to any interests granted by the Tłı̨chǫ Government since the effective date and to any renewals or replacements of such interests.

9.2.2 The mines and minerals, other than specified substances, and the right to work them, in the Tłı̨chǫ lands conveyed or expropriated under 9.2.1 shall be vested in government.

9.3 LIMITS ON ALIENATION OF TŁ̨CHǪ COMMUNITY LANDS

9.3.1 It is important to maintain the integrity of Tłı̨chǫ community lands. Therefore, as a general principle, such lands shall not be expropriated, but if expropriation is necessary, the minimum interest required shall be taken.

9.3.2 Tłı̨chǫ community lands may be expropriated by an expropriating authority in accordance with legislation.

9.3.3 Before proceeding with the expropriation of Tłı̨chǫ community lands, an expropriating authority shall discuss with the Tłı̨chǫ community government the need for expropriation and shall attempt to negotiate with it an agreement for the transfer of the required interest, including its location, extent and nature.

9.3.4 Subject to 9.3.5 and 9.3.6, a Tłı̨chǫ community government may not convey the fee simple interest in Tłı̨chǫ community lands or grant an interest in the lands for a term exceeding 99 years, including any period of renewal, or that arises more than 99 years after the grant is made.

9.3.5 9.3.6 does not apply to conveyances or grants to an expropriating authority in place of expropriation.

9.3.6 Subject to 9.3.7, if authorized by the majority of those voting in a referendum conducted by a community government, that government may,

- (a) grant an interest less than fee simple in Tłı̨chǫ community lands for a term exceeding 99 years or that arises more than 99 years after the grant is made; or
- (b) after the 20th anniversary of the effective date, convey the fee simple interest in Tłı̨chǫ community lands.

- 9.3.7 Only persons qualified to vote for councillors of the community government may vote in the referendum referred to in 9.3.6.
- 9.4 RIGHT TO ACQUIRE GOVERNMENT LANDS
- 9.4.1 Where government has determined it no longer requires land that it holds in a Tłchq community, it shall make an offer to convey fee simple title to that land or whatever lesser title it holds, excluding mines and minerals that are not specified substances, to the Tłchq community government and shall not convey such an interest in those lands to any other person or government.
- 9.4.2 The Tłchq community government is not liable for the payment of any consideration in respect of the value of lands conveyed to it under 9.4.1, but is liable for any costs incurred by government to effect the conveyance. If there are any improvements on the lands, government may, before conveyance of title to the Tłchq community government, grant an interest, less than fee simple, in relation to the improvements, and the title of the Tłchq community government will be subject to that interest.
- 9.4.3 Notwithstanding 9.4.1 and 9.4.2, government is not obliged to convey title to the land referred to in 9.4.1 if the land had been acquired by government from the Tłchq community government upon payment of consideration or compensation, unless government is paid by the Tłchq community government for the value of that consideration or compensation.
- 9.4.4 Any dispute as to the amount to be paid to government under 9.4.3 may be referred by the Tłchq community government for resolution in accordance with chapter 6.
- 9.5 DISSOLUTION OR RELOCATION
- 9.5.1 Fee simple title to Tłchq community lands and to mines and minerals held by government in, on or under those lands shall, upon dissolution of the Tłchq community government or, in the case of the relocation of a Tłchq community, upon confirmation by government that the Tłchq community government is no longer responsible for those lands, be conveyed by government to the Tłchq Government, and those lands shall become Tłchq lands. Such title is subject to any interests in such lands identified in the transfer documentation and to any renewals, replacements, transfers or extensions of term of such interests.
- 9.5.2 Unless otherwise agreed by the Parties, the Tłchq Government shall convey to government the fee simple title in Tłchq lands of equivalent value to the lands conveyed to the Tłchq Government under 9.5.1. If the lands conveyed under 9.5.1 are improved, and the substitute lands are unimproved, the Tłchq Government may pay for the value of those improvements with money instead of with land.
- 9.5.3 Any dispute as to the value, for the purpose of 9.5.2, of the lands conveyed to government, of substitute lands or of improvements, may be referred by a Party for resolution in accordance with chapter 6.2

9.6 CONTAMINATED SITES

9.6.1 Where government undertakes any program respecting the clean-up of contaminated sites on Crown lands wholly or partly in Mǫwhì Gogha Dè Nı̀tlèè (NWT), the program shall apply to such sites on Tłıchǫ community lands that are listed in part 4 of the appendix to this chapter as if the lands were Crown lands.

9.6.2 After the effective date, the Parties may agree that a site not listed in part 4 of the appendix to this chapter existed on the effective date and, upon consent of the Parties, the list in that part of the appendix to this chapter shall be considered to have been amended so as to include that site.

9.6.3 Any dispute as to whether a contaminated site existed on the effective date may be referred for resolution in accordance with chapter 6 by a Party. If a dispute goes to an arbitrator in accordance with chapter 6 and if the arbitrator confirms that a site existed on the effective date, the list in part 4 of the appendix to this chapter shall be considered to have been amended so as to include that site.

9.6.4 Government shall be responsible for the costs associated with any clean-up of a contaminated site under 9.6.1 on Tłıchǫ community lands.

9.6.5 9.6.4 shall not prevent government from recovering any costs associated with the clean-up from a person who is liable for these costs.

9.6.6 There shall be no compensation payable for damage which may be caused to Tłıchǫ community lands as a result of the clean-up of a contaminated site on Tłıchǫ community lands under 9.6.1.

9.6.7 Government shall not be liable for any loss or damage to residents of a Tłıchǫ community or to the Tłıchǫ community government from contaminated sites on Tłıchǫ community lands whether or not they are known at the time the ratification process commenced.

9.6.8 9.6.7 does not affect any obligation of government under 9.6.1 or 9.6.4.

9.7 PROPERTY TAX ASSISTANCE

9.7.1 On the effective date, the Government of Canada shall pay to the Tłıchǫ Government \$85,000 (2002\$). This payment was calculated as a portion of the payments in lieu of taxes that the Government of Canada would have made over the 10 years following effective date for lands in Tłıchǫ communities that were, immediately before the effective date, reserved in the name of the Indian Affairs Branch for Indian Housing and occupied by Tłıchǫ Citizens, if title to those lands had not been vested in the Tłıchǫ community governments. The Tłıchǫ Government shall, in its sole discretion, determine how to use the payment.

9.7.2 For greater certainty, nothing in 9.7.1 affects any liability under legislation for the payment of property taxes assessed in relation to the lands referred to in 9.7.1.

CHAPTER 10

WILDLIFE HARVESTING RIGHTS

10.1 WILDLIFE HARVESTING

10.1.1 Subject to any limitations prescribed by or in accordance with the Agreement, the Tłıchǫ First Nation has

(a) the right to harvest all species of wildlife including, for greater certainty, bird eggs, throughout Mǫwhì Gogha Dè Nı̄tlèè at all times of the year; and

(b) the exclusive right to harvest wildlife that are furbearers on Tłıchǫ lands or in a Tłıchǫ community at all times of the year.

10.1.2 The right of the Tłıchǫ First Nation under 10.1.1(a) is subject to any right under a land claims agreement of another Aboriginal people to harvest wildlife, that are furbearers, in a community other than a Tłıchǫ community or on lands vested in that other Aboriginal people.

10.1.3 10.1.1(b) does not prevent a person, who has the consent of the Tłıchǫ Government, from harvesting furbearers on Tłıchǫ lands or in a Tłıchǫ community.

10.1.4 Subject to legislation, persons who are not Tłıchǫ Citizens may hunt, but not trap or, for greater certainty, snare, wolves and coyotes in a Tłıchǫ community.

10.1.5 Subject to any agreement between the Tłıchǫ First Nation and the Inuit of Nunavut, Tłıchǫ Citizens have the right to harvest wildlife within those areas of Nunavut which they have traditionally used and continue to use for that purpose, on a basis equivalent to the Inuit of Nunavut under Article 5 of the Nunavut Agreement.

10.1.6 Nothing in this chapter shall be construed to

(a) confer rights of ownership of wildlife; or

(b) guarantee the supply of wildlife.

10.2 HARVESTING METHODS

10.2.1 Subject to any limitations prescribed by or in accordance with the Agreement, in exercising a right under 10.1.1, a Tłıchǫ Citizen has the right to employ any methods of harvesting and, for that purpose, to possess and use any equipment.

10.3 TRADE AND GIFTS

- 10.3.1 A Tłıchǫ Citizen has the right to trade with or give to other Tłıchǫ Citizens for their own consumption, and members of an Aboriginal people of the Northwest Territories, Nunavut or Alberta for their own consumption, edible parts of wildlife harvested under 10.1.1 including, for greater certainty, bird eggs.
- 10.3.2 Subject to 15.6 and 16.3, a Tłıchǫ Citizen has the right to make gifts to any persons, for their own consumption, of edible parts of wildlife harvested under 10.1.1.
- 10.3.3 Subject to 15.6 and 16.3, a Tłıchǫ Citizen has the right to trade with or give to any persons, non-edible parts of wildlife harvested under 10.1.1 including, for greater certainty, down and other feathers.

10.4 POSSESSION AND TRANSPORTATION

- 10.4.1 A Tłıchǫ Citizen has the right to possess and transport anywhere in Canada the edible and non-edible parts of wildlife harvested under 10.1.1 including, for greater certainty, bird eggs, down and other feathers, and is not required to obtain a licence from government to exercise this right but is subject to any identification requirements established by legislation or Tłıchǫ laws.

10.5 RIGHT OF ACCESS

- 10.5.1 Subject to limitations which may be prescribed by or in accordance with the Agreement and, in relation to lands vested in another Aboriginal people under a land claims agreement, limitations set under that agreement that are of the same type as those that apply on Tłıchǫ lands, a Tłıchǫ Citizen has the right of access to all lands in Mǫwhì Gogha Dè Nı̀tłèè for the purpose of harvesting wildlife under 10.1.1.
- 10.5.2 The right of access under 10.5.1 includes the right to
- (a) establish and maintain hunting, trapping and fishing camps established primarily for use by Tłıchǫ Citizens; and
 - (b) use plants and trees for purposes ancillary to wildlife harvesting under 10.1.1 except, in the case of trees, where the use of trees conflicts with any activity carried out under an authorization granted by government, such as a timber licence or permit, a forest management agreement or a land use permit.
- 10.5.3 The right of access under 10.5.1 does not extend to
- (a) lands that are dedicated to military or national security purposes under legislation or areas temporarily being used for military exercises for the period of such temporary use, after notice of such dedication or use has been given to the Tłıchǫ Government;

- (b) an area of land not exceeding 10 hectares that is
 - (i) fenced or otherwise identified as an area within which access for harvesting is not permitted, and
 - (ii) held under a surface lease or in fee simple or subject to an agreement for sale or reserved by government in the name of any department or agency of government; or
 - (c) lands that have, since the effective date, been held under a surface lease or in fee simple or subject to an agreement for sale.
- 10.5.4 The exercise by a Tłıchǫ Citizen of the right of access under 10.5.1 on lands owned in fee simple or subject to an agreement for sale or a surface lease, is subject to 10.5.5, to any restrictions agreed to or imposed under 10.6 and to the following conditions:
- (a) the Tłıchǫ Citizen shall not cause any significant damage to the lands, and shall be responsible for any such damage;
 - (b) the Tłıchǫ Citizen shall not commit any mischief on the lands;
 - (c) the Tłıchǫ Citizen shall not significantly interfere with the occupier's use and peaceable enjoyment of the lands; and
 - (d) the Tłıchǫ Citizen shall not, without the consent of the owner or occupier, establish any permanent or seasonal camp or structure or cut or use any wood other than dead wood.
- 10.5.5 Unless otherwise provided for in an agreement with the owner or occupier or, in the case of Crown land, government, a Tłıchǫ Citizen exercises the right of access under 10.5.1 at his or her own risk and has no right of action against the owner, occupier or government for loss suffered or damage arising therefrom, except where such loss or damage results from a danger negligently created by the owner, occupier or government, as the case may be.
- 10.5.6 The exercise of the right to harvest under 10.1.1 and the right of access under 10.5.1 in a community is subject to laws for purposes of safety.
- 10.6 CONFLICT BETWEEN AUTHORIZED USE OF LAND AND HARVESTING ACTIVITIES
- 10.6.1 If, in relation to land that is not Tłıchǫ land and to which the right of access under 10.5.1 applies, a proponent believes that there may be a conflict between the use of the land by the proponent and the harvesting activities of Tłıchǫ Citizens and that the right of access or the harvesting activities of Tłıchǫ Citizens should be consequently restricted, the proponent shall discuss the conflict with the Tłıchǫ Government and attempt to conclude an agreement with respect to the proponent's use of the land and the nature and extent of restrictions of the access right or of the harvesting activities that may be necessary to avoid the conflict.

- 10.6.2 The Tłchq Government or the proponent may refer a dispute as to a proposed restriction for resolution in accordance with chapter 6.
- 10.6.3 Subject to 10.6.4, if no reference for resolution of a dispute is made under 10.6.2, no agreement has been reached and the proponent has made adequate attempts to resolve the dispute in accordance with criteria set by rules established under 6.3.1(c), after giving the Tłchq Government 10-days notice, the proponent may impose a restriction proposed during the discussions conducted under 10.6.1.
- 10.6.4 If the Tłchq Government refers a dispute as to a proposed restriction for resolution in accordance with chapter 6,
- (a) within the 10-day notice period, the proponent cannot impose the restriction unless and until the restriction is agreed to or confirmed in accordance with chapter 6; and
 - (b) after the 10-day notice period, any restriction imposed by the proponent under 10.6.3 remains in effect unless and until removed in accordance with chapter 6.
- 10.6.5 If a dispute as to a proposed restriction is referred for resolution in accordance with chapter 6 and an arbitrator is appointed under 6.5, the arbitrator shall determine whether there is a conflict between the use of land by the proponent and the harvesting activities of Tłchq Citizens, and if so, make an order confirming the nature, extent, duration and conditions of the restriction on the right of access under 10.5.1 or on the harvesting activities of Tłchq Citizens required to allow the proposed use. A restriction confirmed by an order of an arbitrator shall be effective from the date ordered by the arbitrator.
- 10.7 COMMERCIAL ACTIVITIES RELATING TO WILDLIFE
- 10.7.1 Government shall consult the Tłchq Government before authorizing the commercial harvesting of fish or other wildlife in Mqwhì Gogha Dè Nttlèè (NWT) if such harvesting has not been permitted during the three-year period preceding the proposal to permit the new harvesting, or before granting new or additional licenses for the commercial harvesting of fish or other wildlife in Mqwhì Gogha Dè Nttlèè (NWT).
- 10.7.2 No person may harvest wildlife for commercial purposes on Tłchq lands without the authorization of the Tłchq Government.
- 10.7.3 Where government authorizes the commercial harvesting of a species of wildlife in Mqwhì Gogha Dè Nttlèè (NWT), the Tłchq Government has the power to authorize the commercial harvesting of that species on Tłchq lands.

- 10.7.4 The Tłıchǫ Government shall have the exclusive right to be licensed to

 - (c) conduct commercial activities, other than harvesting, with respect to species other than free-roaming muskox and bison, on Tłıchǫ lands,
- and to assign any rights under such licenses to others.

10.8 LEASE OF CROWN LAND TO TŁIČHǪ GOVERNMENT

- 10.8.1 Government shall, upon request and at reasonable rent, lease such lands in Wek'èezhì to the Tłıchǫ Government or its designate, as in the opinion of government are reasonably necessary to allow the exercise of the rights under any licences relating to wildlife held by that Government or its designate.

10.9 EMERGENCIES

- 10.9.1 Nothing in the Agreement prevents any person from killing wildlife for survival in an emergency or to defend or protect persons or property.

CHAPTER 11

WILDLIFE HARVESTING COMPENSATION

11.1 DEFINITIONS

11.1.1 The following definitions apply in this chapter.

“compensation” means a cash payment, either lump sum or a periodic payment, or non-monetary compensation such as replacement or substitution of damaged or lost property or equipment or relocation or transportation of Tłchq Citizens or equipment to a different harvesting locale or a combination of such elements.

“project” does not include a wildlife harvesting activity or naturalist activity.

11.2 GENERAL

11.2.1 A developer is liable absolutely, without proof of fault or negligence, for the following losses and damage, suffered by a Tłchq Citizen or the Tłchq First Nation as a result of a project wholly or partly in Mqwhì Gogha Dè Nttlèè (NWT) in which that developer is engaged:

- (a) loss or damage to property or equipment used in wildlife harvesting under 10.1.1 or to wildlife harvested under 10.1.1;
- (b) present and future loss of income from wildlife harvesting under 10.1.1; and
- (c) present and future loss of wildlife harvested under 10.1.1.

11.2.2 A developer shall not be liable under 11.2.1 for losses suffered by a Tłchq Citizen or the Tłchq First Nation as a result of the establishment of a national park or protected area, or any lawful activity within a national park or protected area, except for direct loss or damage to property or equipment used in wildlife harvesting under 10.1.1 or to wildlife harvested under 10.1.1.

11.2.3 A Tłchq Citizen and the Tłchq Government shall make their best efforts to mitigate any losses or damage referred to in 11.2.1.

11.2.4 If agreement has not been reached between a developer and a Tłchq Citizen or the Tłchq Government with respect to a claim for compensation within 30 days of the submission of a claim in writing by the Tłchq Citizen or the Tłchq Government, either party may refer the dispute for resolution in accordance with chapter 6.

- 11.2.5 Following a reference under 11.2.4, if an arbitrator is appointed under 6.5, that arbitrator shall determine whether the developer is liable under 11.2.1 and, if so, what compensation to award, and may also
- (a) provide for future review of the compensation award, if appropriate;
 - (b) recommend that the developer, the Tłchq Citizen or the Tłchq Government take or refrain from taking certain action in order to mitigate further loss or damage; and
 - (c) on review of a previous award, determine whether the developer, the Tłchq Citizen or the Tłchq Government has adopted any mitigative recommendations made under that previous award.
- 11.2.6 A Tłchq Citizen or the Tłchq Government that refers a dispute respecting a claim for compensation under this chapter for resolution in accordance with chapter 6, cannot exercise any right they might have otherwise had to resolve the dispute in a court.
- 11.2.7 Nothing in this chapter is intended to limit the ability of the Tłchq Government to negotiate with a developer with respect to compensation for losses in relation to wildlife harvesting, including the process for settling and resolving claims. Any such agreement will be binding on Tłchq Citizens.
- 11.2.8 Legislation may provide for limits of liability of developers, the burden of proof on claimants, limitation periods for making claims and any other matters not inconsistent with the Agreement.

CHAPTER 12

WILDLIFE HARVESTING MANAGEMENT

12.1 GENERAL

- 12.1.1 The objective of this chapter is to recognize the importance of wildlife and its habitat to the Tłchq First Nation well-being, way of life and land-based economy.

Subject to this quorum requirement, vacancies shall not prevent the remaining members from acting. The Board may start to operate as soon as members who can constitute a quorum have been appointed.

- 12.2.8 Each member shall be appointed to hold office for a specific term not to exceed five years. A member may be reappointed.
- 12.2.9 A member may be removed from office at any time for cause by the authority or authorities which appointed the member.

- 12.3.2 The Wek'èezhì Renewable Resources Board shall prepare an annual budget and submit it to government, except that the budget for the first year of operation shall be as set out in the Implementation Plan. The requirement for an annual budget does not prevent government from providing multi-year funding to the Board. Government may approve the budget as submitted or vary it and approve it as varied. - 12.5 REVIEW OF PROPOSED WILDLIFE MANAGEMENT ACTIONS
- 12.5.1 A Party shall, before taking any action for management of wildlife in Wek'èezhì, including such actions as set out in a management plan, submit its proposals to the Wek'èezhì Renewable Resources Board for review under 12.5.4. These proposals may include provisions respecting such matters as protection or enhancement of habitat, research, identification and reporting requirements, monitoring, total allowable harvest levels, limitations on methods of harvesting and other limitations on harvesting activities, allocations of any total allowable harvest levels, designation of species or stocks at risk and identification of lands where harvesting or access for harvesting is prohibited for safety purposes. The Board may identify types of actions that need not be sent to it for review. In preparing any proposal, a Party shall consult with any other Party or other body with powers to manage any aspect of the proposal.
- 12.5.2 12.5.1 does not prevent a Party from establishing identification requirements in relation to wildlife harvested, harvesters or persons in possession of wildlife without first submitting them as proposals to the Wek'èezhì Renewable Resources Board for review under 12.5.4. In order to facilitate co-ordination, each Party shall consult with the other Parties before establishing such identification requirements.

- 12.5.3 Any wildlife management plans, limits on wildlife harvesting or regulations respecting wildlife harvesting or other wildlife activities in existence before the effective date remain in effect until replaced, amended or removed under 12.5.

If a Party wishes the Board to make its determination or recommendation within a particular period of time, it shall specify that period when submitting its proposal.
- 12.5.5 The Wek'èezhì Renewable Resources Board shall
- (a) make a final determination, in accordance with 12.6 or 12.7, in relation to a proposal
 - (i) regarding a total allowable harvest level for Wek'èezhì, except for fish,

- 12.5.8 The Wek'èezhì Renewable Resources Board shall forward its determination or recommendation under 12.5.5, 12.5.6, 12.5.7, 13.4.1 or 14.4.1 with written reasons to each Party with powers under its laws to implement the determination or recommendation, indicating the date by which a Party is expected to respond to or implement them, and give public notice of these determinations and recommendations.
- 12.5.9 Any determination of the Wek'èezhì Renewable Resources Board under 12.5.5(a)(i) or (iii) or 12.5.6(b) shall be consistent with any international or domestic intergovernmental agreement given effect by a Party in relation to a population or stock that migrates in or out of Wek'èezhì.

- 12.5.11 Each Party with power under its laws to implement a recommendation of the Wek'èezhì Renewable Resources Board made under 12.5.5, 12.5.6, 12.5.7, 13.4.1 or 14.4.1 shall accept, reject or vary such recommendation. In making its decision, each Party shall consult with any other Party or body with power to manage any aspect of the recommendation. Where a Party rejects or varies any recommendation received from the Board, it shall give its decision in writing, with reasons, to the Board and to the other Parties, and shall give public notice of that decision.
- 12.5.12 Each Party shall, to the extent of its power under legislation or Tłı̨chọ laws, establish or otherwise implement
- (a) a determination of the Wek'èezhì Renewable Resources Board under 12.5.5 or 12.5.6; and
 - (b) any recommendation of the Board as accepted or varied by it.
- 12.5.13 If the Wek'èezhì Renewable Resources Board fails to make a determination or recommendation under 12.5.5 within any reasonable period of time specified by the Party that submitted the proposal, the Party may, to the extent of its powers under legislation or Tłı̨chọ laws, and in accordance with 12.6 and 12.8,
- (a) where it is a proposal in respect of which the Board can make a final determination, make the final determination in place of the Board; and
 - (b) where it is a proposal in respect of which the Board can make a recommendation, exercise those powers without the Board's recommendation.

- 12.5.14 Notwithstanding 12.5.1, a Party may, to the extent of its powers under legislation or Tłıchǫ laws, take any action for the management of wildlife in Wek'èezhìi, in an emergency, without waiting for a determination or recommendation of the Wek'èezhìi Renewable Resources Board, but if it does so the Party shall notify the Board and the other Parties as soon as possible, with reasons for taking such action.
- 12.5.15 A Party may refer to the Wek'èezhìi Renewable Resources Board for advice any action or proposal for the management of wildlife or wildlife habitat that will be implemented in Wek'èezhìi or that may affect wildlife or wildlife habitat in Wek'èezhìi. - 12.6 TOTAL ALLOWABLE HARVEST LEVELS AND OTHER LIMITS
- 12.6.1 Subject to chapters 15 and 16, a total allowable harvest level for Wek'èezhìi or Mǫwǫhì Gogha Dè Nı̄łłèè (NWT) shall be determined for conservation purposes only and only to the extent required for such purposes.
- 12.6.2 Subject to 12.6.1 and chapters 15 and 16, limits may not be prescribed under legislation
- (a) on the exercise of rights under 10.1.1 or 10.2.1 except for the purposes of conservation, public health or public safety; or
 - (b) on the right of access under 10.5.1 except for the purposes of safety.
- 12.6.3 Any limits referred to in 12.6.2 shall be no greater than necessary to achieve the objective for which they are prescribed, and may not be prescribed where there is any other measure by which that objective could reasonably be achieved if that other measure would involve a lesser limitation on the exercise of the rights.
- 12.6.4 For greater certainty, a Tłıchǫ Citizen does not have to obtain a licence from government to exercise rights under 10.1.1 or 10.3.
- 12.6.5 In exercising its powers in relation to limits on harvesting, the Wek'èezhìi Renewable Resources Board shall give priority to
- (a) non-commercial harvesting over commercial harvesting; and
 - (b) with respect to non-commercial harvesting,
 - (i) Tłıchǫ Citizens and members of an Aboriginal people, with rights to harvest wildlife in Wek'èezhìi, over other persons, and

- 12.7.3 When the Wek'èezhìi Renewable Resources Board makes an allocation under 12.7.1(a), if the total allowable harvest level is not sufficient to allow the Tłıchǫ First Nation and any other Aboriginal peoples to exercise their rights to harvest wildlife in Wek'èezhìi, it shall allocate the level equitably among the Tłıchǫ First Nation and those peoples.

- 12.7.4 When the Wek'èezhì Renewable Resources Board makes an allocation under 12.7.1(b), of any portion of a total allowable harvest level remaining after an allocation for the Tłı̨chọ First Nation and for any other Aboriginal peoples, it shall consider all relevant factors including, in particular,

 - (b) demand for commercial harvesting in the Northwest Territories; and
 - (c) demand by lodge operators and outfitters in Wek'èezhì.
- 12.7.5 When the Wek'èezhì Renewable Resources Board makes an allocation under 12.7.1(b) of any portion of a total allowable harvest level remaining after an allocation for the Tłı̨chọ First Nation and for other Aboriginal peoples, it shall give priority to
- (a) non-commercial harvesting over commercial harvesting; and
 - (b) with respect to non-commercial harvesting,
 - (i) residents of the Northwest Territories over non-residents of the Northwest Territories, and
 - (ii) to the extent provided by legislation, residents of Wek'èezhì who rely on wildlife from that area for food for themselves and their families over other persons.
- 12.8 ALLOCATION OF TOTAL ALLOWABLE HARVEST LEVEL BY GOVERNMENT
- 12.8.1 When government makes an allocation of a total allowable harvest level for any part of Wek'èezhì and Mqwhì Gogha Dè Nı̨tlèè (NWT) it shall allocate
- (a) a sufficient portion
 - (i) for the Tłı̨chọ First Nation to exercise its rights to harvest wildlife in the area to which the total allowable harvest level applies, and

 - (b) the availability of other populations of wildlife to meet the needs of the Tłı̨chọ First Nation or the other Aboriginal people.

- 12.8.3 When government makes an allocation under 12.8.1(a), if the total allowable harvest level is not sufficient to allow the Tłıchǫ First Nation and any other Aboriginal peoples to exercise their rights to harvest wildlife in the area to which the total allowable harvest level applies, it shall allocate the level equitably among the Tłıchǫ First Nation and those peoples.
- 12.8.4 When government makes an allocation under 12.8.1(b), of any portion of a total allowable harvest level remaining after an allocation for the Tłıchǫ First Nation and any other Aboriginal peoples, it shall consider all relevant factors including, in particular,
- (a) demand for hunting and sport fishing by residents and non-residents of the Northwest Territories;
 - (b) demand for commercial harvesting in the Northwest Territories; and
 - (c) demand by lodge operators and outfitters in Wek'èezhì and Mǫwhì Gogha Dè Nı̀ttlèè (NWT).
- 12.8.5 When government makes an allocation under 12.8.1(b) of any portion of a total allowable harvest level remaining after an allocation for the Tłıchǫ First Nation and for other Aboriginal peoples, it shall give priority to
- (a) non-commercial harvesting over commercial harvesting; and
 - (b) with respect to non-commercial harvesting,
 - (i) residents of the Northwest Territories over non-residents of the Northwest Territories, and
 - (ii) to the extent provided by legislation, residents of Wek'èezhì and Mǫwhì Gogha Dè Nı̀ttlèè (NWT) who rely on wildlife from the area to which the total allowable harvest level applies for food for themselves and their families over other persons.
- 12.9 ALLOCATION BY TŁIČHǪ GOVERNMENT
- 12.9.1 Any allocation among individuals of the harvesting rights of the Tłıchǫ First Nation shall be the responsibility of the Tłıchǫ Government.

12.10 COMMERCIAL ACTIVITIES RELATING TO WILDLIFE

- 12.10.1 Recommendations of the Wek'èezhì Renewable Resources Board under 12.5.6(a) may include recommendations for regulations respecting the following activities when they take place wholly or partly in Wek'èezhì:
- (a) operation of commercial establishments and facilities for harvesting of wildlife;
 - (b) commercial propagation and husbandry of wildlife;
 - (c) commercial processing, marketing and sale of wildlife and wildlife products;
 - (d) provision of commercial wildlife guiding and outfitting services; and
 - (e) operation of commercial camps and lodges for fishing, hunting and naturalist purposes.
- 12.10.2 Government shall not permit commercial activities relating to wildlife, excluding fish, in Wek'èezhì, without the consent of the Tłıchǫ Government, if such activities have not been conducted anywhere in Wek'èezhì during the three-year period preceding the proposal to permit the new activity. The Tłıchǫ Government shall be deemed to have consented if it fails to deny its consent within any reasonable time set by the Wek'èezhì Renewable Resources Board.
- 12.10.3 The Parties shall not permit a commercial activity in Wek'èezhì for the propagation, cultivation or husbandry of a species of wildlife if, in the opinion of the Wek'èezhì Renewable Resources Board, that activity would have a significant adverse affect on wildlife in Wek'èezhì.
- 12.10.4 The Tłıchǫ Government shall consult government before authorizing commercial activities relating to wildlife on Tłıchǫ lands.

12.11 MANAGEMENT PLANS FOR MIGRATORY SPECIES

- 12.11.1 It is an objective that management plans, respecting wildlife that migrates between Wek'èezhì and another area be prepared jointly with any body with authority over that wildlife in that other area. Failure to reach agreement on the application of such a plan outside Wek'èezhì does not prevent the Parties from preparing and implementing a plan for Wek'èezhì.
- 12.11.2 Within three years after the effective date or another date agreed to by the Parties, the Parties shall, separately or jointly, to the extent of their powers, prepare a comprehensive proposal for the management of the Bathurst caribou herd and a comprehensive proposal for the management of woodland caribou and submit them to the Wek'èezhì Renewable Resources Board for review under 12.5.4

- 12.11.3 Within the first year after the effective date, the Wek'èezhì Renewable Resources Board and the Parties shall meet for the purpose of preparing a comprehensive proposal for the management of the Bathurst caribou herd. The Board shall invite any body with jurisdiction over any part of the caribou range and representatives of any Aboriginal peoples who traditionally harvest the Bathurst Caribou herd to participate.
- 12.12 INTERNATIONAL AND DOMESTIC ARRANGEMENTS
- 12.12.1 Prior to adopting positions in relation to international agreements which may affect wildlife or wildlife habitat in Wek'èezhì or Mòwhì Gogha Dè Nı̀tlèè, government shall consult with
- (a) the Wek'èezhì Renewable Resources Board, in relation to their effect in Wek'èezhì; and
 - (b) the Tłıchọ Government, in relation to their effect in Mòwhì Gogha Dè Nı̀tlèè.
- 12.12.2 In respect of wildlife in Wek'èezhì or Mòwhì Gogha Dè Nı̀tlèè which cross international boundaries, the Government of Canada shall endeavour to include the countries concerned in cooperative conservation and management agreements and arrangements. The Government of Canada shall endeavour to have provisions in such agreements and arrangements respecting joint research objectives and related matters respecting the control of access to such wildlife.
- 12.12.3 Government shall provide the Tłıchọ Government with the opportunity to be represented in any Canadian management regimes in respect of wildlife which are established under international or domestic intergovernmental agreements and which affect wildlife in Mòwhì Gogha Dè Nı̀tlèè.
- 12.13 GREAT SLAVE LAKE
- 12.13.1 The Tłıchọ Government may nominate at least one member to any governmental body having advisory or management responsibilities with respect to the management of fish or fish habitat in Great Slave Lake.
- 12.14 HARMONIZATION OF LAWS
- 12.14.1 The Tłıchọ Government and the Government of the Northwest Territories will, prior to the enactment of laws in relation to wildlife management, make every reasonable attempt to harmonize those laws to ensure the maximum protection for wildlife in the Northwest Territories.

12.15 WILDLIFE MANAGEMENT UNDER FUTURE LAND CLAIMS AGREEMENTS

12.15.1 Before government concludes a future land claims agreement that would authorize a body (“new body”) other than the Wek’èezhì Renewable Resources Board, in relation to any part of Wek’èezhì, to determine a total allowable harvest level, except for fish, or the allocation of portions of any total allowable harvest level or to make a determination respecting the management of the Bathurst caribou herd,

- (a) government shall notify the Tłchq Government that such a provision is being negotiated and provide to the Tłchq Government a reasonable opportunity to conclude an agreement with the representatives of the Aboriginal people to be party to that future land claims agreement respecting how the new body and the Wek’èezhì Renewable Resource Board will ensure that all such determinations in relation to that part of Wek’èezhì are made jointly by the new body and the board, by only one of them or by another authority;
- (b) government shall consider any agreement concluded under (a) and decide whether to approve it; and
- (c) the Parties shall amend the Agreement in accordance with any agreement approved under (b) and government shall ensure that the future land claims agreement accords with any agreement approved under (b).

12.15.2 If a future land claims agreement provides a new body has authority in relation to any part of Wek’èezhì to make a determination described in 12.15.1, the new body and the Wek’èezhì Renewable Resources Board shall, in the absence of an agreement approved under 12.15.1(b), make that determination in relation to that part of Wek’èezhì jointly, in accordance with a process agreed to by them.

12.15.3 In the absence of an agreement approved under 12.15.1(b) or where the new body and the Wek’èezhì Renewable Resources Board fail to agree on a process under 12.15.2 or to make a determination described in 12.15.1 in relation to that part of Wek’èezhì within any reasonable period of time specified by a Party that submitted a proposal for their determination, a Party may, to the extent of its powers under legislation or Tłchq laws to establish or otherwise implement such a determination, make that determination in place of the Board and the new body, in accordance with 12.5 to 12.7.

 - (b) in the course of a controlled hunt conducted because manipulation of wildlife populations is required.
- 15.7 PLANTS AND TREES
- 15.7.1 Plants and trees harvested by a Tłıchǫ Citizen in a national park under chapter 10, 13 or 14 and any product made from them shall only be used within the park.

No such restrictions may be established after the effective date except
- (a) where there are interim management guidelines approved under 15.4.2 or the park management plan approved under 15.5.2 through these guidelines or plan; or
 - (b) where there are no such guidelines or plan, after consultation with the Tłıchǫ Government.
- 15.7.3 Any restrictions on the harvesting of plants or trees by Tłıchǫ Citizens in a national park wholly or partly in Mǫwhì Gogha Dè Nǫtlèè (NWT) shall be no more restrictive than on harvesting by any other persons.
- 15.8 ECONOMIC AND EMPLOYMENT PROVISIONS
- 15.8.1 The Parties intend that Tłıchǫ Citizens will hold a substantial number of the jobs in a national park wholly in Wek'èezhì. To this end, training opportunities, as described in the Tłıchǫ impact and benefit plan, shall be provided to assist Tłıchǫ Citizens to qualify for such employment.
- 15.8.2 In the event that manipulation of wildlife populations by means of a controlled hunt is required in a national park wholly or partly in Wek'èezhì, the Park Superintendent shall notify the Tłıchǫ Government. 16.1.1 At least one year prior to the establishment of any protected area or to changing the boundaries of an established protected area, government shall consult with

(a) the Tłchq Government, where the area is to be in Mqwhì Gogha Dè Nttlèè (NWT); and

(b) the Wek'èezhì Renewable Resources Board and any affected Tłchq community government, where the area is to be in Wek'èezhì.

16.2 TERRITORIAL PARK MANAGEMENT PLAN

16.2.1 For each territorial park wholly or partly in Mqwhì Gogha Dè Nttlèè (NWT) that is larger than 130 hectares and outside a community, the Government of the Northwest Territories may prepare a park management plan describing the policies which will guide the conservation and management of the park and its resources. The Tłchq Government and, where the park is to be wholly or partly in Wek'èezhì, the Wek'èezhì Renewable Resources Board, shall be invited to participate in the preparation of any such plan. A park management plan comes into effect upon approval by the Minister.

16.3 HARVESTING RIGHTS

16.3.1 Subject to 16.3.2, the harvesting of wildlife, plants and trees in a protected area wholly or partly in Mqwhì Gogha Dè Nttlèè (NWT) by Tłchq Citizens, including their right to trade or give them away, may be restricted for reasons related to the management of the protected area. Subject to 16.5.1, no such restrictions may be established after the effective date except through an agreement under 16.4.1 or in accordance with a determination of the Wek'èezhì Renewable Resources Board under 16.4.2.

16.3.2 Any restrictions on harvesting by Tłchq Citizens in a protected area wholly or partly in Mqwhì Gogha Dè Nttlèè(NWT) shall be no more restrictive than on harvesting by other persons.

16.4 PROTECTED AREA AGREEMENT

- 16.4.1 An agreement may be negotiated between the Tłıchǫ Government and government in relation to the management of a protected area wholly or partly in Mǫwhì Gogha Dè Nı̀tlèè (NWT). That agreement may include provisions relating to
- (a) protection of sites of cultural, spiritual or historic significance to the Tłıchǫ First Nation or of archaeological significance;
 - (b) mitigation of potential negative impacts of the establishment of the protected area on affected Tłıchǫ Citizen harvesters and affected residents of Tłıchǫ communities;
 - (c) participation of the Tłıchǫ Government in management committees or other similar structures relating to the development and administration of the protected area;

 - (g) the periodic review of the agreement; and
 - (h) other matters of concern to the affected residents of Tłıchǫ communities, the Tłıchǫ Government and government.
- 16.4.2 In the event that an agreement on the restriction of harvesting by Tłıchǫ Citizens under 16.4.1(f) is not concluded within two years of the commencement of negotiations, government or the Tłıchǫ Government may submit its proposal respecting such restrictions to the Wek'èezhì Renewable Resources Board for consideration and determination. The Board shall give written reasons for a determination.
- 16.5 EMERGENCIES
- 16.5.1 In the event of an emergency for reasons of conservation, government may establish a protected area or change the boundaries of such an area without prior consultation under 16.1.1 or may restrict harvesting of wildlife, plants or trees by Tłıchǫ Citizens in such an area without an agreement under 16.4.1 or a determination of the Wek'èezhì Renewable Resources Board under 16.4.2, but shall consult with the Board, the Tłıchǫ Government and any affected Tłıchǫ community government, as soon as possible thereafter, on the necessity of the action and, in the case of the establishment of a new protected area, the terms and conditions to be attached to the management of the area.

16.6 ECONOMIC AND EMPLOYMENT PROVISIONS

- 16.6.1 It is the objective of the Parties that Tłıchǫ Citizens be employed at all occupational levels in protected areas wholly or partly in Wek'èezhìı. Government shall identify such employment opportunities in respect of the management of protected areas and shall, if there are any such opportunities, provide appropriate training opportunities for Tłıchǫ Citizens to assist Tłıchǫ Citizens to qualify for such positions. The nature and extent of these employment and training opportunities shall
- (a) be set out in the Implementation Plan, for any protected area established before the effective date; or
 - (b) be set out in an agreement negotiated between government and the Tłıchǫ Government or be confirmed by the Minister under 16.6.2, for any protected area established after the effective date
- 16.6.2 If government and the Tłıchǫ Government fail to reach an agreement referred to in 16.6.1(b) within 18 months of the identification by government of employment opportunities, the Tłıchǫ Government may submit its proposal for the nature and extent of the employment and training opportunities to the Minister. The Minister shall accept or vary the proposal, giving written reasons to the Tłıchǫ Government for any variance, and shall implement the resulting arrangements for such opportunities.
- 16.6.3 In the event that manipulation of wildlife populations by means of a controlled hunt is required in a protected area wholly or partly in Wek'èezhìı, Tłıchǫ Citizens shall be given consideration to conduct the hunt under the supervision of the managers of the protected area.

17.1 GENERAL

- 17.1.1 Tłıchǫ heritage resources are the cultural patrimony of the Tłıchǫ First Nation.

- 17.1.4 Where the Tłıchǫ Government identifies an issue of concern arising out of the administration of legislation or government policy in respect of Tłıchǫ heritage resources, the government that enacted the legislation or created the policy will discuss that concern with the Tłıchǫ Government and provide it with written reasons for any decision on how to deal with that concern.
- 17.1.5 The location of burial sites in Wek'èezhì other than burial sites in cemeteries shall, as they become known, be recorded by government. Government shall indicate in that record those sites known to be Tłıchǫ burial sites.
- 17.1.6 Any dispute as to whether a heritage resource is a Tłıchǫ heritage resource may be referred for resolution in accordance with chapter 6 by government, the Tłıchǫ Government or a person with a right or interest in the resource or site where it is located.

17.2 MANAGEMENT OF HERITAGE RESOURCES

- 17.2.1 The Tłıchǫ Government shall be the custodian of heritage resources on Tłıchǫ lands.

- 17.2.4 The Tłıchǫ Government shall have an opportunity to be represented on any board, agency or committee established by government with responsibilities restricted to the Northwest Territories that include the administration or protection of Tłıchǫ heritage resources in the Mackenzie Valley.

- 17.2.5 Within two years after the effective date, to address the potential effect of land use activities on heritage resources in Wek'èezhì, representatives of the Parties shall, in consultation with each other, develop guidelines for
- (a) conditions that should be attached to a land use permit issued by government or a board established by government in respect of the presence of heritage resources on the lands to which the permit applies; and
 - (b) the procedure that should be followed where heritage resources are discovered on the lands to which the land use permit applies.
- 17.2.6 Prior to the issuance of a land use permit by government or a board established by government in Wek'èezhì, the government or any such board shall,
- (a) forward a copy of the land use permit application to the Tłıchǫ Government and the government agency responsible for heritage resources; and
 - (b) seek advice concerning the presence of heritage resources on the lands to which the land use permit will apply from the Tłıchǫ Government.
- 17.2.7 Prior to issuing an archaeological permit, government shall,
- (a) in respect of heritage resources on Tłıchǫ lands, ensure that the applicant has obtained the written consent of the Tłıchǫ Government; and
 - (b) in respect of Tłıchǫ heritage resources elsewhere in Mǫwhì Gogha Dè Nıtlèè (NWT), consult with the Tłıchǫ Government.
- 17.2.8 All archaeological permits in respect of Tłıchǫ heritage resources in Mǫwhì Gogha Dè Nıtlèè (NWT) shall

 - (b) require consultation with the Tłıchǫ Government;
 - (c) provide for treatment and disposition of materials extracted; and
 - (d) require submission of a technical report and a non-technical report on the work completed.

17.3 ACCESS TO AND CARE OF TŁ̨CHǪ HERITAGE RESOURCES

17.3.1 It is an objective of the Parties that Tł̨chǫ heritage resources which have been removed from the Northwest Territories be available for the benefit, study and enjoyment of Tł̨chǫ Citizens and all other residents of the Northwest Territories. The attainment of this objective may include the return of such resources to the Northwest Territories, on a temporary or continuing basis, provided that

- (a) appropriate facilities and expertise exist in the Northwest Territories which are capable of maintaining such Tł̨chǫ heritage resources for future generations; and
- (b) such relocation is compatible with the maintenance of the integrity of public archives and national and territorial heritage resource collections.

17.3.2 Government and the Tł̨chǫ Government will work together to attain the objective in 17.3.1.

17.3.3 17.3.1 and 17.3.2 do not apply to human remains and associated grave goods found in Tł̨chǫ burial sites.

17.3.4 At the request of the Tł̨chǫ Government, government shall

- (a) deliver any human remains and associated grave goods that were found in Tł̨chǫ burial sites in the Northwest Territories and subsequently removed from the Northwest Territories and are still held by government to the Tł̨chǫ Government in accordance with applicable legislation and government policies; and
- (b) use reasonable efforts to facilitate the Tł̨chǫ Government's access to Tł̨chǫ artifacts and human remains of Tł̨chǫ ancestry that are held in other public and private collections.

17.3.5 Tł̨chǫ Citizens shall be given opportunities for employment at public sites, museums, heritage resource projects, archaeological works and similar public facilities and projects related to Tł̨chǫ heritage resources in Mǫwhì Gogha Dè Nı̨ttlèè (NWT), in a manner to be set out in an agreement between government and the Tł̨chǫ Government in relation to the site or area where the facility or project is located or, where there is no such agreement, in the management or work plans for the site or facility. The Tł̨chǫ Government shall be consulted in the development of such plans.

17.3.6 Where government prepares public information material with respect to protected areas, projects and programs concerning Tł̨chǫ heritage resources in Mǫwhì Gogha Dè Nı̨ttlèè (NWT), the Tł̨chǫ Government shall be consulted to ensure that appropriate recognition is given to the culture and history of the Tł̨chǫ First Nation.

17.4 BURIAL SITES

- 17.4.1 Immediately upon discovering a burial site in Wek'èezhìi outside a cemetery, a person shall notify the Tłıchǫ Government and government.
- 17.4.2 Subject to 17.4.4, a Tłıchǫ burial site on Tłıchǫ lands or in a Tłıchǫ community shall not be surveyed or disturbed without the written consent of the Tłıchǫ Government.
- 17.4.3 Any person surveying or disturbing a Tłıchǫ burial site shall take appropriate measures to respect the dignity of the site and of any human remains and associated grave goods therein.
- 17.4.4 A Tłıchǫ burial site on Tłıchǫ lands or in a Tłıchǫ community may be disturbed by police, where authorized by legislation, without the consent of the Tłıchǫ Government, if such disturbance is required in relation to a police investigation.
- 17.4.5 At the request of one of the Parties, the Parties shall jointly develop procedures for the protection of Tłıchǫ burial sites in Wek'èezhìi. If they fail to agree on those procedures one of the Parties may refer the matter for resolution in accordance with chapter 6.

- 17.5.1 The Tłıchǫ Government may establish its own procedures and policies for place naming within Tłıchǫ lands.
- 17.5.2 The Tłıchǫ Government may, in consultation with government, name or rename lakes, rivers, mountains and other geographic features and locations wholly within Tłıchǫ lands and Tłıchǫ communities.
- 17.5.3 Once the Tłıchǫ Government notifies government that it has given a new place name for a lake, river, mountain or other geographic feature or location wholly within Tłıchǫ lands and Tłıchǫ communities, that new name shall be recognized as the official name by government and the Tłıchǫ Government.
- 17.5.4 Where the Tłıchǫ Government requests government to establish a new official name or change an existing official name of a lake, river, mountain or other geographic feature or location wholly or partly in Wek'èezhìi that is located wholly or partly outside Tłıchǫ lands, government and the Tłıchǫ Government shall, taking into account the integral role that place names play in the living history of the Tłıchǫ First Nation, attempt to reach an agreement on the official name.
- 17.5.5 Government will consult the Tłıchǫ Government when considering any proposal to name or rename a lake, river, mountain or other geographic feature or location wholly or partly in Wek'èezhìi.

- 17.5.6 Tł̥ch̥ place names recognized as official under 17.5.3 or 17.5.4 shall be included, to the extent practicable and in accordance with map production specifications of the Government of Canada, on NTS mapsheets when they are revised and on other maps when they are produced or revised by government.

CHAPTER 18

TŁ̨CHǪ LANDS

18.1 TŁ̨CHǪ TITLE

- 18.1.1 The Tłı̨chǫ Government, on behalf of the Tłı̨chǫ First Nation, is vested with title, which may be referred to as “Tłı̨chǫ title”, to the lands the boundaries of which are shown on the map described in part 1 of the appendix to this chapter, totalling approximately 39,000 square kilometres, including the mines and minerals that may be found to exist within, upon or under such lands, subject to the interests listed in part 2 of the appendix to this chapter and to any renewals or replacements of such interests and to the interests granted under 18.1.2.
- 18.1.2 Before the effective date, a person authorized by the Dogrib Treaty 11 Council may, on behalf of the Tłı̨chǫ Government, execute an agreement for the granting of an interest described in part 3 of the appendix to this chapter. All such interests will come into effect on the effective date and the agreement will bind the Tłı̨chǫ Government on whose behalf it was executed.
- 18.1.3 Before the effective date, the chief negotiators may agree in writing to amend part 3 of the appendix to this chapter by adding thereto the descriptions of additional interests, and that part of the appendix shall be deemed to have been amended in accordance with such an amending agreement upon the execution of the amending agreement by the chief negotiators.
- 18.1.4 During the first year after the effective date, the Parties will amend part 2 of the appendix to this chapter to include any interests granted before the effective date that are still in effect immediately before that date. Any such amendment will be deemed to have been made immediately before the effective date.
- 18.1.5 In the case of a dispute among the Parties as to whether any interest has been granted before the effective date or is still in effect immediately before that date, one of the Parties may refer the dispute for resolution in accordance with chapter 6. Any interest that an arbitrator determines under chapter 6 to have been granted before the effective date and to still have been in effect immediately before that date shall be deemed to have been included in part 2 of the appendix to this chapter immediately before the effective date.
- 18.1.6 During the first year after the effective date, the Parties may amend part 2 of the appendix to this chapter to correct an error in the reference to an interest or to remove therefrom an interest that did not exist immediately before the effective date. Any such amendment will be deemed to have been made immediately before the effective date.

Tłchq Agreement

- 18.1.7 Tłchq title is held in the form of fee simple title. The form of title shall not be construed as having the effect of extinguishing any rights recognized and affirmed by section 35 of the *Constitution Act, 1982*. Title held by the Tłchq Government to Tłchq lands does not include title to water in, on or under the lands.
- 18.1.8 Unless otherwise provided on the map described in part 1 of the appendix to this chapter or on a registered plan of survey of the boundaries of Tłchq lands,
- (a) Tłchq title shall include title to the beds of lakes, rivers and other water bodies wholly contained within the boundaries of Tłchq lands;
 - (b) where a boundary of Tłchq lands crosses a lake, river or other water body, Tłchq title shall include the portion of the bed of that water body within the boundaries of Tłchq lands; and
 - (c) Tłchq title shall not include title to the bed of any lake, river or other water body or to any island in a water body where the water body is shown or described as a boundary of Tłchq lands.
- 18.1.9 Tłchq lands may only be conveyed by the Tłchq Government to
- (a) government or a Tłchq community government; or
 - (b) government or another expropriating authority, in circumstances where that authority could expropriate those lands.
- 18.1.10 The lands conveyed by the Tłchq Government under 18.1.9 cease to be Tłchq lands and any lands the fee simple title to which is received in exchange that are adjacent to Tłchq lands become Tłchq lands, if the title held by the Tłchq Government includes all the minerals.
- 18.1.11 18.1.9 shall not be interpreted to prevent the Tłchq Government from granting leases or licences to any person for the use and occupancy of Tłchq lands, or from granting rights to any person to remove natural resources, including minerals, and to own such resources upon removal.
- 18.1.12 Tłchq lands are not subject to seizure or sale under court order, writ of execution or any other process whether judicial or extra-judicial.
- 18.1.13 Tłchq lands shall not be mortgaged, charged or given as security.
- 18.1.14 18.1.12 and 18.1.13 do not apply to any leasehold interest in Tłchq lands or to any mortgage, charge or security granted in respect of such a leasehold interest.
- 18.1.15 No person may acquire, by prescription, an estate or interest in Tłchq lands.

- 18.1.16 Subject to chapter 20, any access route across Tłıchǫ lands which is established or improved after the effective date shall, unless the Tłıchǫ Government otherwise agrees, remain Tłıchǫ lands and not be a highway or public road, by operation of law or otherwise.
- 18.2 SPECIFIED SUBSTANCES
- 18.2.1 The holder of a mining right listed in part 2 of the appendix to this chapter or that is a renewal or replacement thereof granted by government, has the right to take, use, damage or destroy specified substances in those lands, incidentally in the course of exercising that mining right, but shall, where practicable, exercise such rights so as to minimize interference with the right of the Tłıchǫ Government to work specified substances.
- 18.2.2 No compensation shall be paid to the Tłıchǫ Government in respect of any specified substances taken, used, damaged or destroyed in accordance with 18.2.1.
- 18.2.3 Any specified substances taken, used, damaged or destroyed in accordance with 18.2.1 shall be the property of the holder of the mining right referred to in 18.2.1, except that the specified substances that are still on the land that is subject to that mining right when the right terminates become the property of the Tłıchǫ Government.
- 18.3 CONTAMINATED SITES
- 18.3.1 Where government undertakes any program respecting the clean-up of contaminated sites on Crown lands in Mǫwhì Gogha Dè Nı̀tlèè (NWT), the program shall apply to such sites on Tłıchǫ lands that are listed in part 4 of the appendix to this chapter as if the lands were Crown lands.
- 18.3.2 After the effective date, the Parties may agree that a site not listed in part 4 of the appendix to this chapter existed on the effective date and, upon consent of the Parties, the list in that part of the appendix to this chapter shall be considered to have been amended to include that site.
- 18.3.3 Any dispute as to whether a contaminated site existed on the effective date may be referred for resolution in accordance with chapter 6 by a Party. If a dispute goes to an arbitrator in accordance with chapter 6 and if the arbitrator confirms that a site existed on the effective date, the list in part 4 of the appendix to this chapter shall be considered to have been amended to include that site.
- 18.3.4 Government shall be responsible for the costs associated with any clean-up under 18.3.1 on Tłıchǫ lands. This provision shall not prevent government from recovering any costs associated with the clean-up from a person who is liable for these costs.
- 18.3.5 There shall be no compensation payable for damage which may be caused to Tłıchǫ lands as a result of the clean-up of Tłıchǫ lands under 18.3.1.

- 18.3.6 Government shall not be liable for any loss or damage to a Tłıchǫ Citizen, to the Tłıchǫ First Nation or to the Tłıchǫ Government from contaminated sites on Tłıchǫ lands whether or not they are known on the effective date. This provision does not affect any obligation of government under 18.3.1 and 18.3.4.
- 18.4 BOUNDARIES AND SURVEYS
- 18.4.1 The Government of Canada shall survey the boundaries of Tłıchǫ lands in accordance with the instructions of the Surveyor General and the *Canada Lands Survey Act* within the time specified in the Implementation Plan.
- 18.4.2 The Government of Canada shall be responsible for the cost of the survey conducted under 18.4.1.
- 18.4.3 During the survey conducted under 18.4.1,
- (a) those portions of seismic lines and other artificial features used as reference points for the boundaries of Tłıchǫ lands shall be monumented by government sufficiently, as determined by the Surveyor General, to define their location; and
 - (b) natural features used as reference points for boundaries of Tłıchǫ lands shall be photographed by government.
- 18.4.4 Where the map described in part 1 of the appendix to this chapter indicates that a part of a boundary of Tłıchǫ lands is defined by reference to natural features but, during the survey conducted under 18.4.1, it is found that the natural features
- (a) are not well defined;
 - (b) do not exist; or
 - (c) are not located, in relation to other features used as reference points for the boundaries of Tłıchǫ lands, where the map indicates they would be,
- the Surveyor General shall have the authority, in consultation with the Parties, to mark that part of the boundary on the ground and show it on the plan of survey in a location that reflects as closely as possible the intention of the Parties when the map was finalized.
- 18.4.5 During the survey conducted under 18.4.1, the Surveyor General, in relation to the boundaries of Tłıchǫ lands adjacent to the Yellowknife Highway as shown on NTS mapsheets 85 J/11, 85 J/12, 85 J/13 and 85 K/9 of the map described in part 1 of the appendix to this chapter, need not follow the exact location of the boundaries as shown on that map but shall mark the boundaries on the ground and show them on the plan of survey so that
- (a) the boundary on one side of that highway is parallel to the boundary on the other side of the highway;

- (b) the two boundaries are 60 metres apart; and
 - (c) the highway is approximately centred between the two boundaries to the extent practical.
- 18.4.6 The Tłıchǫ Government shall be responsible for the cost of surveys associated with the leasing and subdivision of Tłıchǫ lands.
- 18.4.7 Boundaries of Tłıchǫ lands that are defined by reference to natural features shall change with the movements of the natural features as long as these movements are gradual and imperceptible from moment to moment.
- 18.4.8 Where there is a dispute respecting the boundary of an interest that is listed in part 2 of the appendix to this chapter or that is a renewal or replacement thereof granted by government between the holder of that interest and the holder of an adjacent interest granted by the Tłıchǫ Government, either holder may refer the dispute to the designated representative of the institution from which it received that interest. Where the representative to whom the dispute was referred and the other designated representative agree, a survey shall be conducted in accordance with their agreement. The plan of survey, upon registration under 18.5, replaces any other description of the boundary. The Minister shall, for the purpose of this provision, designate who is the representative of a government institution.
- 18.4.9 Where a survey is conducted under 18.4.8 for an interest created by an instrument that is registered at the Land Titles Office for the Northwest Territories, the plan of the survey may, if it is signed by the representatives who agreed to it being conducted, signifying their acceptance of the plan, be submitted by one of those representatives to the Registrar of Land Titles for the Northwest Territories for registration. Upon submission of the plan in the required form, the Registrar shall register it.
- 18.4.10 Where a survey is conducted under 18.4.8, the plan of survey replaces any other description of the boundary of the interests upon registration if the instrument creating the interest is registered, or, in any other case, upon signing by the representatives. The costs of the survey and of the registration of the plan shall be borne equally by the institutions that granted the interests, each of which may recover its costs from the holder of the interest it granted.
- 18.5 REGISTRATION
- 18.5.1 The Government of Canada shall submit to the Registrar of Land Titles for the Northwest Territories, for registration, the plan of survey of the boundaries of Tłıchǫ lands prepared under 18.4.1 as soon as possible after the plan has been signed by representatives of the Parties, signifying their acceptance of it. Upon submission of the plan in the required form, the Registrar shall register it.
- 18.5.2 The Tłıchǫ Government has a right to obtain a certificate of title of Tłıchǫ lands after the plan of survey prepared under 18.4.1 has been registered, upon making a request in the form prescribed by legislation.

- 18.5.3 Subject to 18.5.4, upon the registration of the plan of survey prepared under 18.4.1, the surveyed boundaries of Tłı̨chǫ lands replace the description of the boundaries of Tłı̨chǫ lands shown on the map described in part 1 of the appendix to this chapter, as of the effective date.
- 18.5.4 The surveyed boundaries of Tłı̨chǫ lands adjacent to the Yellowknife Highway replace the description of those boundaries as shown on the map described in part 1 of the appendix to this chapter, as of the date of registration of the plan of survey prepared under 18.4.1.
- 18.6 ADMINISTRATION OF EXISTING RIGHTS AND INTERESTS
- 18.6.1 Government shall continue to administer the interests listed in part 2 of the appendix to this chapter and any renewals or replacements thereof granted by government under legislation, as if the lands had not become Tłı̨chǫ lands. Government shall have the power to grant renewals and replacements for those interests under that legislation, as if the lands had not become Tłı̨chǫ lands, except that, in the case of an interest that is not a mining right, this power does not extend to a renewal or replacement that would authorize an activity of a type or in a location not authorized by the interest renewed or replaced. For greater certainty, any dispute resolution process in the Crown lands legislation continues to apply to interests listed in part 2 of the appendix to this chapter and their renewals and replacements.
- 18.6.2 Subject to 18.6.5 and 25.2, government may make discretionary decisions respecting an interest referred to in 18.6.1 on the basis of government's resource management policy, including those respecting royalties, rents and other charges.
- 18.6.3 Government shall be under no fiduciary obligation to the Tłı̨chǫ First Nation or to the Tłı̨chǫ Government in the administration under 18.6.1 or in the decision-making under 18.6.2.
- 18.6.4 Government shall consult the Tłı̨chǫ Government before changing legislation under which any interests referred to in 18.6.1 were granted.
- 18.6.5 Government shall notify the Tłı̨chǫ Government before making any change in any interests referred to in 18.6.1, including a change to the royalties, rents or other charges that apply to them.
- 18.6.6 Nothing in 18.1.1 or 18.6.1 shall prevent the holder of an interest referred to in 18.6.1 and the Tłı̨chǫ Government from agreeing to the termination of the interest, with or without a replacement arrangement between the holder and the Tłı̨chǫ Government.

18.7 ROYALTIES AND NON-REFUNDED RENTS

18.7.1 Any royalties or non-refunded rents received by government, in respect of the period between the date of the Agreement and the effective date, for an interest listed in part 2 of the appendix to this chapter, shall be accounted for by government and an equal amount paid to the Tłı̨chọ Government as soon as practicable after the effective date.

18.7.2 Any royalties or non-refunded rents received by government in respect of the period after the effective date for an interest listed in part 2 of the appendix to this chapter or for any replacement thereof shall be accounted for by government and an equal amount paid to the Tłı̨chọ Government as soon as practicable after each calendar year quarter.

18.7.3 Amounts payable by government under 18.7.1 and 18.7.2 and amounts payable to another Aboriginal people under any similar provision in another land claims agreement in the Mackenzie Valley shall not be considered as amounts received by government for the purpose of 25.1.2.

CHAPTER 19

ACCESS TO TŁIǪHǪ LANDS

19.1 GENERAL

- 19.1.1 Except as provided in this chapter, or by the law of Canada that applies to lands held in fee simple, persons who are not Tłıchǵ Citizens may only enter, cross or stay on Tłıchǵ lands and waters overlying such lands with the agreement of the Tłıchǵ Government. Any person, other than a person exercising rights under 19.5.1 or 19.5.4, who contravenes any provision of this chapter shall be considered to be a trespasser.
- 19.1.2 Unless otherwise provided in an agreement with the Tłıchǵ Government, persons exercising a right of access to Tłıchǵ lands and waters overlying such lands do so at their own risk and have no right of action against the Tłıchǵ Government, the Tłıchǵ First Nation or a Tłıchǵ Citizen for loss suffered or damage arising therefrom, except where such loss or damage results from a danger negligently created by the Tłıchǵ Government, the Tłıchǵ First Nation or any Tłıchǵ Citizen.
- 19.1.3 Where a person has a right of access under more than one provision in this chapter, that person may have access pursuant to the least restrictive applicable provision.
- 19.1.4 The rights provided in this chapter are subject to any restrictions or prohibitions established by or under legislation or by or under Tłıchǵ laws imposing conditions agreed to by government in accordance with 19.1.9, conditions allowed by 19.2.3 or conditions established in accordance with chapter 6 where that process is expressly provided for by this chapter.
- 19.1.5 Subject to restrictions that may be imposed under the Agreement or legislation, a person may exercise a right of access by any mode of transport.
- 19.1.6 Unless otherwise provided in an agreement with the Tłıchǵ Government, the exercise of the rights of access under 19.2.1, 19.4.1, 19.4.5 and 19.5.1 is subject to the condition that the person exercising the right of access
- (a) does not cause any significant damage to Tłıchǵ lands, and is responsible for any such damage;
 - (b) does not commit any mischief on Tłıchǵ lands; and
 - (c) does not significantly interfere with the use and peaceable enjoyment of Tłıchǵ lands by a Tłıchǵ Citizen or the Tłıchǵ First Nation.

- 19.1.7 Except for compensation payable for significant damage under 19.1.6(a), and unless otherwise provided by legislation enacted after consultation with the Tłı̨chǫ Government, there shall be no rental, fee, charge or other compensation payable for the exercise of the rights of access under 19.2.1, 19.3.1, 19.3.2, 19.4.1, 19.4.5, 19.5.1, 19.5.3, 19.5.4, 19.5.6, 19.5.8, 19.5.9, 19.8.1 and 19.8.2 or for any cost incurred by the Tłı̨chǫ Government in relation to the access.
- 19.1.8 The Tłı̨chǫ Government may not establish conditions for the exercise of access rights under this chapter, except conditions agreed to by government in accordance with 19.1.9, conditions allowed by 19.2.3 or conditions established in accordance with chapter 6 where that process is expressly provided for by this chapter. This provision is not intended to restrict the establishment of any conditions agreed to by a person to whom such conditions would apply.
- 19.1.9 Subject to 19.1.10 and 19.1.11, the Tłı̨chǫ Government may establish conditions for the exercise of access rights under 19.2.1, 19.4.1, 19.4.5, 19.5.1, 19.8.1 or 19.8.2 that are agreed to by government or, failing such agreement, that are established in accordance with chapter 6. Where government and the Tłı̨chǫ Government do not reach agreement on the establishment of a proposed condition, the Tłı̨chǫ Government may refer the dispute for resolution in accordance with chapter 6.
- 19.1.10 Conditions established in accordance with 19.1.9, whether through agreement with government or the process set out in chapter 6, may only consist of
- (a) the identification of specific areas or locations, seasons of the year or times of the day in respect of which the access rights may not be exercised in order to
 - (i) protect the environment,
 - (ii) avoid conflict with harvesting by the Tłı̨chǫ Citizens or with other uses of the land by the Tłı̨chǫ Citizens,
 - (iii) conserve wildlife or wildlife habitat, or
 - (iv) protect Tłı̨chǫ communities or camps; or
 - (b) requirements for notice or registration by persons exercising the access rights.
- 19.1.11 Conditions may not be established in accordance with 19.1.9, whether through agreement with government or the process set out in chapter 6, for the exercise of access rights in relation to law enforcement, investigations or inspections under the law of Canada.
- 19.2 NON-COMMERCIAL ACCESS
- 19.2.1 Subject to 19.1.6, 19.1.9 and 19.2.2 to 19.2.5, any person has a right of access to Tłı̨chǫ lands and waters overlying such lands.
- 19.2.2 The right of access under 19.2.1 does not include the right to engage in any commercial activity or to establish any permanent or seasonal camp or structure on Tłı̨chǫ lands.
- 19.2.3 Subject to 10.1.1(b), to Tłı̨chǫ laws that also apply to Tłı̨chǫ Citizens and to legislation, a person exercising the right of access under 19.2.1 may harvest wildlife, trees and plants.

- 19.2.4 Except where 19.2.5 applies, if the right of access under 19.2.1 is exercised for the purpose of reaching adjacent lands or waters to exercise a right, interest or privilege on those adjacent lands or waters, such as to go to or from a place of work or to or from a place of recreation, it shall, where practicable, take place
- (a) upon prior notice to the Tłı̨chǫ Government;
 - (b) on a route identified for that purpose by the Tłı̨chǫ Government in accordance with any restrictions specified by it; or
 - (c) on a route being used for such access on a regular basis, whether year round or intermittently, if the exercise of such access does not cause significant alteration in the use of the route.
- 19.2.5 Where, in the course of exercising the right of access under 19.2.1, a person enters or leaves a Tłı̨chǫ community, that person shall, to the extent possible, use a route that is being used for such access on a regular basis, whether year round or intermittently, and shall not cause significant alteration in the use of the route.
- 19.2.6 Any person may access Tłı̨chǫ lands and waters overlying such lands without prior notice in an emergency.
- 19.3 EXISTING RIGHTS AND INTERESTS
- 19.3.1 Subject to 19.3.3, the holder of an interest in an excluded parcel listed in part 1 of the appendix to chapter 18 or the holder of an interest listed in part 2 of the appendix to chapter 18, including a renewal or replacement, has a right of access to Tłı̨chǫ lands and waters overlying such lands to allow the exercise of that interest.
- 19.3.2 Subject to 19.3.3, the holder of a land use permit granted by the Mackenzie Valley Land and Water Board before the effective date has a right of access to Tłı̨chǫ lands and waters overlying such lands to allow the exercise of that permit.
- 19.3.3 Where the exercise of the right of access under 19.3.1 or 19.3.2 involves any activity of a type or in a location not authorized at the effective date, the exercise of that right of access is subject to the agreement of the Tłı̨chǫ Government or, failing such agreement, to conditions established in accordance with chapter 6. Where the person with the right of access and the Tłı̨chǫ Government do not reach agreement on conditions for the exercise of that right of access, the person with the right of access may refer the dispute for resolution in accordance with chapter 6, but may not exercise it until the dispute has been resolved.
- 19.3.4 The rights of access under 19.3.1 and 19.3.2 extend to any employee, client or guest of the holder of the right or interest.

19.4 COMMERCIAL ACCESS

- 19.4.1 Subject to 19.1.6, 19.1.9, 19.4.2 and 19.4.3, any person has, for travel by water in the course of conducting a commercial activity, a right of access to
- (a) any navigable river that overlies Tłchq lands and any other navigable water body that overlies Tłchq lands where the other water body can be entered from a navigable river;
 - (b) portages on Tłchq lands associated with a navigable river or other navigable water body that can be entered from a navigable river; and
 - (c) Tłchq lands that are waterfront lands.
- 19.4.2 The right of access under 19.4.1 must be exercised using the most direct route and by minimizing use of the portages and waterfront lands.
- 19.4.3 The right of access under 19.4.1 to portages on Tłchq lands and to Tłchq lands that are waterfront lands
- (a) is subject to prior notice being given to the Tłchq Government; and
 - (b) does not include the right to engage in any commercial activity, other than an activity that is necessarily incidental to travel, or to establishing any permanent or seasonal camp or structure.
- 19.4.4 Where a person is unable to comply with the conditions set out in 19.1.6, 19.4.2 and 19.4.3, that person has a right of access to the places listed in 19.4.1 for the purpose of travelling by water in the course of conducting a commercial activity, with the agreement of the Tłchq Government or, failing such agreement, on conditions established in accordance with chapter 6. Where the person with the right of access and the Tłchq Government do not reach agreement on conditions for the exercise of that right of access, the person with the right of access may refer the dispute for resolution in accordance with chapter 6, but may not exercise it until the dispute has been resolved.
- 19.4.5 Subject to 19.1.6 and 19.1.9, any person who requires access to Tłchq lands or to waters overlying such lands to reach adjacent lands or waters for commercial purposes has a right to such access provided that
- (a) the access is of a casual and insignificant nature and prior notice is given to the Tłchq Government; or
 - (b) the route is being used for such access on a regular basis, whether year round or intermittently and the exercise of such access does not result in a significant alteration in the use of the route.

- 19.4.6 Subject to 19.4.7 and 19.4.8, where a person is unable to comply with the conditions applicable to the right of access under 19.4.5, that person has a right of access to Tłı̨chǫ lands or to waters overlying such lands to reach adjacent lands or waters for a commercial purpose with the agreement of the Tłı̨chǫ Government or, failing such agreement, on conditions established in accordance with chapter 6. Where the person with the right of access and the Tłı̨chǫ Government do not reach agreement on conditions for the exercise of that right of access, the person with the right of access may refer the dispute for resolution in accordance with chapter 6, but may not exercise it until the dispute has been resolved.
- 19.4.7 Failing agreement with the Tłı̨chǫ Government, a person shall not exercise the right of access under 19.4.6 unless that access has been established in accordance with chapter 6 as being reasonably required.
- 19.4.8 Any conditions for access under 19.4.6 established in accordance with chapter 6 shall ensure that such access is by a suitable route least harmful to the Tłı̨chǫ First Nation and Tłı̨chǫ Citizens.

- 19.5.1 Subject to 19.1.6, 19.1.9 and 19.5.2, agents, employees, contractors of government, members of the Canadian Forces and peace officers have a right of access to Tłı̨chǫ lands and waters overlying such lands and to use natural resources incidental to such access to deliver and manage government programs and services, to carry out duties under the law of Canada and to respond to emergencies. Government shall give prior notice of such access to the Tłı̨chǫ Government when it is reasonable to do so.
- 19.5.2 Except as provided by 19.5.3, 19.5.9 or 19.8.1, if government requires the continuous use or occupancy of Tłı̨chǫ lands for more than two years, the Tłı̨chǫ Government may require government to acquire an interest in the lands for that purpose by agreement or under chapter 20.
- 19.5.3 Government may establish, on Tłı̨chǫ lands, after consultation with the Tłı̨chǫ Government prior to the start of a navigation season, navigational aids and safety devices along the shorelines of navigable waters provided that the area occupied by each such navigational aid or safety device does not exceed
- (a) two hectares, for range markers and buoy transits; or
 - (b) 0.1 hectare, for single beacons.

- 19.5.4 The Department of National Defence and the Canadian Forces have a right of access to Tłı̨chǫ lands and waters overlying such lands for military manoeuvres with the agreement of the Tłı̨chǫ Government or, failing agreement, on conditions established in accordance with chapter 6. Where the Minister of National Defence and the Tłı̨chǫ Government do not reach agreement on conditions for the exercise of that right of access, the Minister of National Defence may refer the dispute for resolution in accordance with chapter 6, but that Department and those Forces may not exercise it until the dispute has been resolved.
- 19.5.5 Nothing in 19.5.4 is intended to limit the authority of the Minister of National Defence under section 257 of the *National Defence Act*, R.S. 1985, c. N-5.
- 19.5.6 Any person authorized under legislation to provide to the public electrical power, telecommunications services or similar public utilities, other than pipelines for the transmission of hydrocarbons, shall have a right of access to Tłı̨chǫ lands and waters overlying such lands to carry out assessments, surveys and studies in relation to the proposed services, provided they consult with the Tłı̨chǫ Government prior to exercising such right.
- 19.5.7 Unless otherwise provided in an agreement with the Tłı̨chǫ Government, where access under 19.5.6 results in damage to Tłı̨chǫ lands or interference with the use of and peaceable enjoyment of Tłı̨chǫ lands by the Tłı̨chǫ First Nation or a Tłı̨chǫ Citizen, the person exercising the right shall, notwithstanding 19.1.7, compensate the Tłı̨chǫ Government, in the case of damage to Tłı̨chǫ lands, or the Tłı̨chǫ Citizens whose use or peaceable enjoyment has been interfered with in an amount agreed to by the Tłı̨chǫ Government and that person or, failing such agreement, in an amount determined in accordance with chapter 6. Where the person with the right of access under 19.5.6 and the Tłı̨chǫ Government do not reach agreement on the amount of compensation offered, the Tłı̨chǫ Government may refer the dispute for resolution in accordance with chapter 6.
- 19.5.8 A Tłı̨chǫ community government has a right of access, with the agreement of the Tłı̨chǫ Government or, failing agreement, on terms established in accordance with chapter 6, to locate, maintain and operate, on Tłı̨chǫ lands, water intake facilities for the purpose of providing water for community purposes. For greater certainty, this right of access includes the right to use waters overlying Tłı̨chǫ lands for that purpose. Where the Tłı̨chǫ community government and the Tłı̨chǫ Government do not reach agreement on the terms of this right of access, the Tłı̨chǫ community government may refer the matter for resolution in accordance with chapter 6.
- 19.5.9 Government may establish stream gauges and fuel caches, on Tłı̨chǫ lands, after consultation with the Tłı̨chǫ Government.

19.6.1 Where the clean-up under 18.3.1 of a contaminated site on or surrounded by Tłchq lands is conducted by government or by a person, including the Tłchq Government, under contract with or funded by government, the government or person conducting the clean-up shall, for that purpose, have a right of access to the Tłchq lands and waters overlying such lands and a right to use specified substances or other natural resources on Tłchq lands to the extent necessary to conduct the clean-up.

19.6.2 There shall be no rental, fee, charge or other compensation payable for the exercise of the right of access or for the use of specified substances or other natural resources under 19.6.1 or for any cost incurred by the Tłchq Government in relation to the resources or access.

19.7 ACCESS TO CONSTRUCTION MATERIALS

19.7.1 Subject to 19.7.2, the Tłchq Government shall provide, to any person, government or a Tłchq community government, supplies of, and permit access to, sand, gravel, clay and other like construction materials on Tłchq lands and shall permit that person or government access to Tłchq lands for the purpose of obtaining such supplies.

19.7.2 The Tłchq Government is not obliged to supply materials under 19.7.1 where the materials are to be used on lands other than Tłchq lands unless there is no alternative source of supply reasonably available in an area closer to those other lands.

19.7.3 Subject to 19.7.4, the Tłchq Government is entitled to be paid for the value of materials supplied under 19.7.1 and for the exercise of access under that provision.

19.7.4 The Tłchq Government is not entitled to be paid for materials supplied or the exercise of access under 19.7.1 or for any cost incurred by the Tłchq Government in relation to those materials or for the access if the materials are to be used, for a public purpose, on Tłchq lands or in a Tłchq community or for a public road bordering Tłchq lands or a Tłchq community.

19.7.5 If the government or the person seeking the supply of the materials under 19.7.1 and the Tłchq Government do not agree on a condition respecting the supply of, or access to, the materials or on the application of 19.7.2 or 19.7.4, the government or person may refer the matter for resolution in accordance with chapter 6.

19.7.6 Any conflict between the use of construction materials by a person, government or Tłchq community government under 19.7.1 and the use of construction materials by the Tłchq Government or Tłchq Citizens, may be referred by that person, government, the Tłchq community government or the Tłchq Government for resolution in accordance with chapter 6.

- 19.8.1 Subject to 19.1.9, agents, employees and contractors of the Government of the Northwest Territories have a right of access without charge to Tłı̨chǫ lands and waters overlying those lands, for the purpose of establishing and building the Gamètì and Whatì winter roads whose approximate locations are shown on the map in the appendix to this chapter and for the purpose of managing, controlling, varying and closing up those roads.

CHAPTER 20

EXPROPRIATION OF TŁIČHQ LANDS

20.1 GENERAL PRINCIPLE

20.1.1 It is of fundamental importance to maintain the quantum and integrity of Tłıchq lands. Therefore, as a general principle, such lands shall not be expropriated, but if expropriation is necessary, the minimum interest required shall be taken.

20.2 GENERAL

20.2.1 Before proceeding with expropriation of Tłıchq lands, an expropriating authority shall discuss with the Tłıchq Government the need for expropriation and shall attempt to negotiate with it an agreement for the transfer of the required interest, including its location, extent and nature.

20.2.2 Tłıchq lands may be expropriated by an expropriating authority in accordance with legislation as modified by the provisions of this chapter.

20.2.3 Nothing in this chapter is intended to eliminate or duplicate any legislative requirement for a public hearing or inquiry into the necessity of an expropriation.

20.3 CONSENT

20.3.1 Expropriation of Tłıchq lands shall require the consent of the Governor in Council where expropriation is under an Act of Parliament, or the Executive Council of the Government of the Northwest Territories where expropriation is under an Act of the Northwest Territories. The Governor in Council or the Executive Council, as the case may be, shall consider the principle in 20.1.1 and shall not give such consent unless the Governor in Council or the Executive Council, as the case may be, is satisfied that there is no other reasonable alternative to the expropriation.

20.3.2 Notice of the intention of an expropriating authority to seek the consent of the Governor in Council or the Executive Council, as the case may be, shall be given to the Tłıchq Government by the expropriating authority.

20.4 COMPENSATION

20.4.1 An expropriating authority shall offer, as compensation for Tłıchq lands, alternative lands wholly in Wek'èezhì that are of equivalent significance and value as the expropriated lands, that are available and that are adjacent to Tłıchq lands. Where the expropriating authority offers alternate lands the subsurface of which is held by government, government shall provide the subsurface.

20.4.2 Subject to 20.4.3, to the extent the expropriating authority has no alternative lands as

- described in 20.4.1 or the Tłıchǫ Government does not accept the offer of such lands, compensation shall be in money. Compensation may be a combination of such lands and money.
- 20.4.3 Where an expropriating authority has no alternative lands as described in 20.4.1, government shall provide lands to the expropriating authority by sale or otherwise providing that government has lands that are wholly in Wek'èezhì, that are available and that are adjacent to Tłıchǫ lands.
- 20.4.4 For the purpose of 20.4.1, land is not available to be provided as alternative lands if it is
- (a) subject to a lease or an agreement for sale unless the expropriating authority and the person holding that interest consent;
 - (b) occupied or used by the expropriating authority or a Tłıchǫ community government or required for such future occupation or use;
 - (c) part of a public road;
 - (d) within 31 metres of a boundary of Wek'èezhì; or
 - (e) for any other reason considered unavailable by an arbitrator under 6.5 or arbitration committee under 6.8.
- 20.4.5 For the purpose of 20.4.3, land held by government is not available to be provided as alternative lands if it is
- (a) subject to an agreement for sale or a lease unless government and the person holding that interest consent;
 - (b) occupied or used by government or a Tłıchǫ community government or required for such future occupation or use; or
 - (c) land described in 20.4.4(c), (d) or (e).
- 20.4.6 The expropriating authority or government shall, when offering alternative lands to the Tłıchǫ Government, identify any existing third party rights or interests.
- 20.4.7 In determining the value of Tłıchǫ lands for the purpose of compensation or the value of alternative lands, the value of the lands for the purpose of harvesting of wildlife and the cultural or other special value to the Tłıchǫ First Nation shall be taken into account.
- 20.4.8 In the event the Tłıchǫ Government and the expropriating authority do not agree on compensation for Tłıchǫ lands, the matter shall be referred for resolution in accordance with chapter 6.

- 20.4.9 The arbitrator under 6.5 or the arbitration committee under 6.8 may make an award of alternative land described in 20.4.1 if accepted by the Tłchq Government, of money or of any combination thereof and, where appropriate, of costs and interest.
- 20.4.10 Any lands, the fee simple title to which is expropriated under this chapter, shall no longer be Tłchq lands even where not all of the minerals are expropriated. Alternative lands, the fee simple title to which is acquired by the Tłchq Government under this chapter, if the lands are adjacent to Tłchq lands and if the title held by the Tłchq Government includes all the minerals, become Tłchq lands. The title held by the Tłchq Government in alternative lands that are Tłchq lands shall be subject to any interests of any third party that exist at the date the lands vest in the Tłchq Government and in respect of which the Tłchq Government has been notified by that date. When the lands become Tłchq lands, part 2 of the appendix to chapter 18 shall be deemed to include such interests.
- 20.4.11 Where Tłchq lands which have been expropriated are, in the opinion of the expropriating authority, no longer required, the Tłchq Government may reacquire such lands at a price to be established by the expropriating authority. The expropriating authority may not dispose of the lands for a price less than that at which they were offered to the Tłchq Government.
- 20.4.12 Lands reacquired by the Tłchq Government under 20.4.11 shall, if government agrees and the title held by the Tłchq Government includes all the minerals, become Tłchq lands.
- 20.4.13 Where government and the Tłchq Government agree, the determination of the amount of compensation to be paid for expropriated land may be deferred, but when this determination is made, it shall be based on the value of the expropriated land at the time it was expropriated.
- 20.5 PUBLIC ROADS
- 20.5.1 Notwithstanding 20.4 and any legislation, government may expropriate Tłchq lands in accordance with 20.1 to 20.3 for use as a public road without compensation to the Tłchq Government.
- 20.5.2 No lands expropriated under 20.5.1 may be used for any purpose other than a public road without the payment of compensation in accordance with 20.4.
- 20.5.3 Any dispute between government and the Tłchq Government as to the location of a public road for which Tłchq lands are to be expropriated under 20.5.1 may be referred by a Party for resolution in accordance with chapter 6.
- 20.5.4 Where any lands expropriated under 20.5.1 or conveyed without compensation to government for a public road under 18.1.9 are no longer needed for a public road, government shall grant back to the Tłchq Government the fee simple interest in those lands and those lands become Tłchq lands.

- 20.5.5 The amount of land expropriated under 20.5.1 or conveyed without compensation to government for a public road under 18.1.9 and not granted back to the Tłıchǫ Government under 20.5.4 shall not exceed, at any time, 150 square kilometres.

CHAPTER 21

WATER RIGHTS AND MANAGEMENT

21.1 GENERAL

- 21.1.1 The use of water and the deposit of waste in Mq̄whì Gogha Dè Nı̄ttlèè (NWT) are subject to legislation.
- 21.1.2 The property in water in Wek'èezhìı̄ may be determined by legislation, and nothing in the Agreement shall be construed as granting the Tłıchq Government, a Tłıchq Citizen or the Tłıchq First Nation property rights in respect of water.

21.2 TŁICHQ RIGHTS

- 21.2.1 Subject to the other provisions of the Agreement, the Tłıchq First Nation has the exclusive right to use or deposit waste in waters which are on or flow through Tłıchq lands when such waters are on or flowing through Tłıchq lands. This does not prevent persons who are not Tłıchq Citizens from using such waters or from depositing waste in such waters with the consent of the Tłıchq Government.
- 21.2.2 For greater certainty, any condition on the use of waters or the deposit of waste in waters which are on or flow through Tłıchq lands that is imposed under legislation, including by an authorization issued by the Wek'èezhìı̄ Land and Water Board, prevails over any conflicting condition imposed by the Tłıchq First Nation or the Tłıchq Government by or under any authority recognized in the Agreement, including Tłıchq laws.
- 21.2.3 Subject to any use of water, deposit of waste or activity referred to in 21.3.2 or 21.3.3 that is authorized by law, including by an authorization issued by the Wek'èezhìı̄ Land and Water Board or by another competent water authority, the Tłıchq First Nation has the right to have waters which are on or flow through or are adjacent to Tłıchq lands remain substantially unaltered as to quality, quantity and rate of flow when such waters are on or flow through or are adjacent to Tłıchq lands.
- 21.2.4 Subject to legislation of general application and Tłıchq laws and, in relation to water that is on lands vested in another Aboriginal people under a land claims agreement, limitations set under that agreement that are of the same type as those that apply in relation to water on Tłıchq lands, a Tłıchq Citizen has the right to use water in Mq̄whì Gogha Dè Nı̄ttlèè (NWT), without licence, permit or other authorization, for the harvesting of wildlife under 10.1.1, including transportation relating thereto, or for Tłıchq heritage, cultural or spiritual purposes.

21.2.5 The Tłchq Government has a cause of action against any person in respect of any use of water, deposit of waste or other activity not authorized by law which substantially alters the quality, quantity or rate of flow of waters which are on or flow through or are adjacent to Tłchq lands, with such remedies as if the Tłchq Government had riparian rights.

21.2.6 For the purposes of 21.2.3 or 21.2.5, the Tłchq Government shall have standing at all times in a court of competent jurisdiction to seek a declaration respecting the authority of any person to alter the quality, quantity or rate of flow of water.

21.3 RIGHTS OF GOVERNMENT AND OTHERS

21.3.1 Subject to the other provisions of the Agreement except 21.2.1, government and persons who are not Tłchq Citizens having a right or interest granted by government in respect of Tłchq lands the exercise of which requires the use of water or the deposit of waste in water, shall have the right to use or deposit waste in water which is on or flowing through Tłchq lands when such water is on or flowing through Tłchq lands, without the consent of the Tłchq Government.

21.3.2 Notwithstanding the ownership of beds of certain water bodies by the Tłchq Government, government retains the right, without the consent of the Tłchq Government, to use water for fighting fires and to protect and manage and use water and beds of such water bodies, for public purposes. Those public purposes include

- (a) the protection of wildlife and wildlife habitat;
- (b) the protection of water supplies including community water supplies from contamination and degradation;
- (c) research with respect to water quality and water quantity; and
- (d) flood control and protection of navigation and transportation.

21.3.3 Unless otherwise provided for in legislation, the consent of the Tłchq Government is not required in relation to, and the rights of the Tłchq First Nation under 21.2.1 and 21.2.3 shall not interfere with

- (a) rights of navigation and passage on water;
- (b) use of water by any person for emergency or domestic purposes; or
- (c) any right of access provided for in the Agreement.

21.4 INTERJURISDICTIONAL AGREEMENTS

21.4.1 Government shall use its best efforts to negotiate agreements with territorial or provincial governments which manage drainage basins any part of which are in Wek'èezhìi for the management of water in the drainage basin.

21.4.2 Government shall consult with the Tłıchǫ Government with respect to the formulation of government positions on the management of water in a drainage basin before negotiating an agreement under 21.4.1.

21.5 LICENSING

21.5.1 The Wek'èezhìi Land and Water Board shall not authorize a use of water or a deposit of waste that, in its opinion, is likely to alter substantially the quality, quantity or rate of flow of waters on or flowing through or adjacent to Tłıchǫ lands, when such waters are on or flowing through or adjacent to Tłıchǫ lands, unless the Board considers that

(a) there is no alternative which could reasonably satisfy the requirements of the applicant; and

(b) there are no reasonable measures whereby the applicant could avoid the alteration.

21.5.2 The Wek'èezhìi Land and Water Board shall not authorize a use of water or a deposit of waste anywhere in Wek'èezhìi which, in its opinion, will likely substantially alter the quality, quantity or rate of flow of waters on or flowing through or adjacent to Tłıchǫ lands, when such waters are on or flowing through or adjacent to Tłıchǫ lands, unless the applicant for the authorization has entered into an agreement with the Tłıchǫ Government to compensate the Tłıchǫ First Nation for loss or damage which may be caused by such alteration, or the Board has accepted a referral to resolve a dispute on the compensation under 6.7.

21.5.3 Where a use of water or a deposit of waste is proposed outside Wek'èezhìi, but within the Northwest Territories or Nunavut, which, in the opinion of the Wek'èezhìi Land and Water Board, will likely substantially alter the quality, quantity or rate of flow of water on or flowing through or adjacent to Tłıchǫ lands, when such waters are on or flowing through or are adjacent to Tłıchǫ lands, the use of water or the deposit of waste shall not be authorized by the competent water authority unless the applicant has entered into an agreement with the Tłıchǫ Government to compensate the Tłıchǫ First Nation for loss or damage which may be caused by such alteration, or the Board has accepted a referral to resolve a dispute on the compensation under 6.7.

21.5.4 If the Tłıchǫ Government and the applicant for an authorization for a use of water or deposit of waste described in 21.5.2 or 21.5.3 do not reach an agreement on compensation within the time limit established by the Wek'èezhìi Land and Water Board, either party may refer the matter of compensation for resolution under chapter 6.

- 21.5.5 Compensation determined by the Wek'èezhìı Land and Water Board under 6.7 in respect of a use of water or a deposit of waste described in 21.5.2 or 21.5.3 may be in the form of a lump sum or periodic cash payment or non-monetary compensation such as replacement or substitution of damaged or lost property or equipment or relocation or transportation of Tłıchǫ Citizens or equipment to a different harvesting locale or a combination of such forms of compensation.
- 21.5.6 In determining, under 6.7, the amount of compensation payable to the Tłıchǫ Government in respect of a use of water or deposit of waste described in 21.5.2 or 21.5.3, the Wek'èezhìı Land and Water Board shall consider
- (a) the effect of the use of water or deposit of waste on the use by Tłıchǫ Citizens of water on or adjacent to Tłıchǫ lands;
 - (b) the effect of the use of water or deposit of waste on Tłıchǫ lands, taking into account any cultural or special value of the lands to the Tłıchǫ First Nation;
 - (c) the nuisance, inconvenience and noise caused by the use of water or deposit of waste to Tłıchǫ Citizens on Tłıchǫ lands;
 - (d) the effect of the use of water or deposit of waste on the harvesting of wildlife by Tłıchǫ Citizens; and
 - (e) subject to legislation, such other factors as the Board may consider relevant.

CHAPTER 22

LAND AND WATER REGULATION

22.1 GENERAL

22.1.1 The following principles apply to this chapter:

- (a) an integrated system of land and water management should apply to the Mackenzie Valley; and
- (b) the regulation of land and water in Wek'èezhì and in adjacent areas should be co-ordinated.

22.1.2 Legislation shall require the Mackenzie Valley Environmental Impact Review Board, the Wek'èezhì Land and Water Board and any land use planning body for Wek'èezhì or part thereof to co-ordinate their activities with each other and, in relation to Wek'èezhì, with the following bodies: any body managing national parks, including any National Park Committee, Parks Canada in relation to the management of national historic sites administered by it, any management committee or similar structure established for a protected area, the Wek'èezhì Renewable Resources Board, any surface rights board and any new body referred to in 22.6.1.

22.1.3 The costs of the Mackenzie Valley Environmental Impact Review Board and the Wek'èezhì Land and Water Board incurred in accordance with their approved budgets shall be a charge on government. Each board shall prepare an annual budget and submit it to government except that the budget for the first year of operation shall be as set out in the implementation plan. The requirement for an annual budget does not prevent government from providing multi-year funding to the Boards. Government may approve the budget as submitted or vary it and approve it as varied. The budget shall provide for funds reasonably required to fulfill the mandate of each Board and shall be in accordance with the Government of Canada's Treasury Board guidelines.

22.1.4 The budget of the Mackenzie Valley Environmental Impact Review Board and the Wek'èezhì Land and Water Board may include

- (a) remuneration and travel expenses for attendance of Board members at board and committee meetings;
- (b) the expenses of public hearings and meetings; and
- (c) the expenses of staff, advisors and consultants and of the operation and maintenance of the office.

- 22.1.5 Legislation may provide for the reallocation of functions among the Mackenzie Valley Environmental Impact Review Board, the Wek'èezhì Land and Water Board and any land use planning body for Wek'èezhì established under 22.5.3, provided that environmental assessment and review shall remain with the Mackenzie Valley Environmental Impact Review Board as set out in 22.2.
- 22.1.6 The Mackenzie Valley Environmental Impact Review Board and the Wek'èezhì Land and Water Board may establish their own rules of procedure in accordance with legislation.
- 22.1.7 In exercising their powers, the Mackenzie Valley Environmental Impact Review Board and the Wek'èezhì Land and Water Board shall consider traditional knowledge as well as other scientific information where such knowledge or information is made available to the Boards.
- 22.1.8 The Mackenzie Valley Environmental Impact Review Board and the Wek'èezhì Land and Water Board shall have, subject to their approved budgets, such staff, professional and technical advisors and consultants as are necessary for the proper conduct of their affairs and the boards may share such staff or advisors between themselves.
- 22.1.9 All information in the possession of a government department or agency or the Tłı̨chọ Government relevant to a matter before the Mackenzie Valley Environmental Impact Review Board or the Wek'èezhì Land and Water Board shall be provided, upon request, to such board.
- 22.1.10 The legislation implementing the provisions of this chapter shall provide for a method of monitoring the cumulative impact of the uses of land and water and deposits of waste on the environment in the Mackenzie Valley and for periodic, independent, environmental audits which shall be made public.
- 22.1.11 If any body is established by legislation to carry out the monitoring and audit functions under 22.1.10 in the Mackenzie Valley, the Tłı̨chọ Government shall be entitled to a meaningful role in such body and such role shall be set out in legislation.
- 22.1.12 If the monitoring or audit functions referred to in 22.1.10 are carried out in Wek'èezhì by a department of government, the department shall do so in consultation with the Tłı̨chọ Government.
- 22.1.13 Where the Mackenzie Valley Environmental Impact Review Board or the Wek'èezhì Land and Water Board has the authority to enter into contracts or similar arrangements, the Tłı̨chọ Government shall not be disqualified from entering into such contracts or arrangements with the Boards solely because nominees or appointees of the Tłı̨chọ Government are members of such boards.

22.2 ENVIRONMENTAL IMPACT ASSESSMENT AND REVIEW PROCESS

- 22.2.1 The process of environmental impact assessment and review as set out in 22.2 applies to every proposed project that is wholly or partly in the Mackenzie Valley, except for proposed projects that are wholly in a community unless they would be likely to have a significant impact on air, water or renewable resources. For greater certainty, that process does not apply to a proposed project no part of which is in the Mackenzie Valley.
- 22.2.2 The Environmental Impact Review Board established by legislation to implement the environmental impact assessment and review provisions of the Gwich'in land claims agreement shall be the Mackenzie Valley Environmental Impact Review Board referred to in the Agreement.
- 22.2.3 50 percent of the members of the Mackenzie Valley Environmental Impact Review Board, excluding the chairperson, shall be nominees of Aboriginal peoples and 50 percent shall be nominees of government. At least one member of the Board shall be a nominee of the Tłı̨chǫ Government.
- 22.2.4 Where the Mackenzie Valley Environmental Impact Review Board is required to make a decision which may affect an area in Nunavut or the Northwest Territories that is adjacent to the Mackenzie Valley and that is being used by an Aboriginal people and is within the settlement area of that people under its land claims agreement, that people shall have the right to have representation on the Board. Subject to 22.2.3, the Board shall determine how to implement this provision.
- 22.2.5 Subject to any quorum requirements set out in legislation, vacancies in the membership of the Mackenzie Valley Environmental Impact Review Board shall not prevent the remaining members from acting.
- 22.2.6 No authorization that would have the effect of allowing a proposed project to proceed shall be issued in respect of the proposal until any assessment required under 22.2.10 and any review required because of a determination of the Mackenzie Valley Environmental Impact Review Board under 22.2.12 or a direction of the Minister under 22.2.13 have been completed.
- 22.2.7 Legislation may provide
- (a) for proposed projects or classes thereof which are exempt from the process of environmental impact assessment and for the amendment of any such exemptions; and
 - (b) for a preliminary screening of proposed projects by any government department or board or the Tłı̨chǫ Government in order to determine whether any assessment is required.
- 22.2.8 Legislation shall provide that a proposed project which would otherwise be exempt from assessment may be assessed by the Mackenzie Valley Environmental Impact Review Board if, in the opinion of the Board, it is considered to be of special environmental concern by reason of its cumulative effects or otherwise.

- 22.2.9 A proposed project that has not been exempted from assessment and is wholly or partly in or may have an impact in Mǫwǫhì Gogha Dè Nı̨tłèè (NWT) may be referred for assessment to the Mackenzie Valley Environmental Impact Review Board by the Tłı̨chọ Government or any governmental authority, or by the Board on its own motion whether or not a preliminary screening has been conducted and notwithstanding the results of any such screening.
- 22.2.10 A proposed project shall be assessed by the Mackenzie Valley Environmental Impact Review Board, in order to determine whether it will likely have a significant adverse impact on the environment or will likely be a cause of significant public concern, where that project
- (a) has not been exempted from assessment; and
 - (b) has been the subject of a preliminary screening by a body that determined an assessment is required or has been referred for assessment under 22.2.9.
- 22.2.11 Before completing its assessment of a proposed project that is wholly or partly on Tłı̨chọ lands, the Mackenzie Valley Environmental Impact Review Board shall consult with the Tłı̨chọ Government.
- 22.2.12 As a result of its assessment, the Mackenzie Valley Environmental Impact Review Board shall
- (a) when the proposed project is not likely in its opinion to have a significant adverse impact on the environment or is not likely in its opinion to be a cause of significant public concern, determine that an environmental impact review is not required;
 - (b) when the proposed project is likely in its opinion to have a significant adverse impact on the environment or is likely in its opinion to be a cause of significant public concern, determine that an environmental impact review is required; or
 - (c) when the proposed project is likely in its opinion to have a significant adverse impact on the environment or is likely in its opinion to be a cause of significant public concern, recommend that the authorizations impose such measures it considers necessary to prevent the significant adverse impact.
- 22.2.13 Notwithstanding a determination by the Mackenzie Valley Environmental Impact Review Board that an environmental impact review is not required, the Minister may direct that such a review be conducted. The Minister shall consult the Tłı̨chọ Government before making such a decision if the proposed project is wholly or partly on Tłı̨chọ lands.
- 22.2.14 Subject to 22.2.15, an environmental impact review shall be conducted by a panel of the Mackenzie Valley Environmental Impact Review Board, in respect of a proposed project determined by the Board to be wholly in the Mackenzie Valley, where
- (a) the Board has determined under 22.2.12(b) that a review is required; or
 - (b) the Minister has directed under 22.2.13 that a review be conducted.

- 22.2.15 Where a public review of a proposed project determined by the board to be wholly in the Mackenzie Valley is to be conducted under the *Canadian Environmental Assessment Act*, the Minister of the Environment and the Mackenzie Valley Environmental Impact Review Board shall consult each other and shall establish a joint review panel in place of separate review panels.
- 22.2.16 When a Mackenzie Valley Environmental Impact Review Board panel is to conduct a review under 22.2.14 or a joint panel is to conduct a review under 22.1.15,
- (a) if the Board determines that the proposed project is wholly in Wek'èezhìi and is likely to have a significant adverse impact only in Wek'èezhìi, the Tłıchǫ Government shall be entitled to nominate 50 percent of the members of the panel;
 - (b) if the Board determines that the proposed project is likely to have a significant adverse impact that is predominately in Wek'èezhìi, the Tłıchǫ Government shall be entitled to nominate to the panel the number of members that, together with the number of members, if any, entitled to be nominated by any other Aboriginal peoples under land claims agreements, constitutes 50 percent of the members of the panel but in any event the Tłıchǫ Government is entitled to nominate at least two; and
 - (c) in all other cases, if the Board determines that the proposed project is partly in or is likely to have a significant adverse impact in Wek'èezhìi, the Tłıchǫ Government shall be entitled to nominate at least one member of the panel.
- 22.2.17 The entitlement of the Tłıchǫ Government under 22.2.16(a) or (b) is subject to any agreement between the Tłıchǫ Government and another Aboriginal people, including an agreement under 2.7.3 or 2.7.4.
- 22.2.18 Subject to 22.2.19, where
- (a) the Mackenzie Valley Environmental Impact Review Board has determined that a proposed project is partly but not wholly within the Mackenzie Valley but that it is partly in Wek'èezhìi or may have an impact in Wek'èezhìi, and
 - (b) the Board has determined under 22.2.12(b) that a review is required or the Minister has directed under 22.2.13 that a review be conducted,
- the Board shall enter into an agreement for the establishment of a joint review panel with any person or body with responsibility to review the environmental impacts of the aspects of the project outside the Mackenzie Valley, or with the Minister of Environment if such a review is authorized under the *Canadian Environmental Assessment Act*.

- 22.2.19 The review of the environmental impacts of the aspects of a proposed project referred to in 22.2.18 that are in the Mackenzie Valley shall be conducted by a panel of the Mackenzie Valley Environmental Impact Review Board, if
- (a) there is no person or body with responsibility to review the environmental impacts of the aspects of the project outside the Mackenzie Valley and no authorization for such a review under the *Canadian Environmental Assessment Act*; or
 - (b) no agreement is concluded under 22.2.18, within a period set under legislation, on the establishment of a joint review panel.
- 22.2.20 To the extent possible, the Mackenzie Valley Environmental Impact Review Board shall co-ordinate any review under 22.2.19 with any person or body with responsibility to review the environmental impacts of the aspects of the proposed project outside the Mackenzie Valley.
- 22.2.21 Where an environmental impact review is to be conducted by a joint panel established under an agreement concluded under 22.2.18 or by a Mackenzie Valley Environmental Impact Review Board panel under 22.2.19,
- (a) the Tłı̨chọ Government shall be entitled to nominate at least one member of the panel; and
 - (b) the Tłı̨chọ Government and the representatives of any other Aboriginal people whose utilization of land and water resources is primarily in the area where the project will be located or may have an impact shall be entitled to nominate at least 50 percent of the members of the panel, not including the chairperson.
- 22.2.22 A Mackenzie Valley Environmental Impact Review Board panel may include, in addition to members of the Board, persons appointed by the Board because of their special expertise.
- 22.2.23 When a Mackenzie Valley Environmental Impact Review Board panel or a joint review panel is reviewing a proposed project that is wholly or partly on Tłı̨chọ lands, it shall consult the Tłı̨chọ Government.
- 22.2.24 Where a public review of a proposed project that is partly in or may have an impact in Wek'èezhìı is to be conducted by a review panel under the *Canadian Environmental Assessment Act*, the panel shall consult the Tłı̨chọ Government throughout the review.
- 22.2.25 The members of the Mackenzie Valley Environmental Impact Review Board and of any review panel referred to in 22.2 shall be free of any conflict of interest relative to the proposed project, except that no member shall be disqualified solely on the ground of being a Tłı̨chọ Citizen.

- 22.2.26 An environmental impact review conducted by a review panel referred to in 22.2 shall have regard to
- (a) the protection of the existing and future economic, social and cultural well-being of the residents and communities in the Mackenzie Valley;
 - (b) the protection of the environment from significant adverse impact from the proposed project;
 - (c) in cases where the proposed project will likely result in a significant adverse impact on the environment, the need for mitigative or remedial measures; and
 - (d) the importance of conservation to the Tłı̨chọ First Nation well-being and way of life.
- 22.2.27 An environmental impact review conducted by a Mackenzie Valley Environmental Impact Review Board panel or a joint review panel referred to in 22.2 shall include
- (a) the submission by the proponent of an impact statement in accordance with any guidelines established by the Board or the panel;
 - (b) such analysis by the Board or the panel as is considered appropriate;
 - (c) public consultation or hearings in affected communities; and
 - (d) a report resulting from the review to each Minister and independent regulatory agency and, where the proposed project is to be located on Tłı̨chọ lands, to the Tłı̨chọ Government with a recommendation that the project be approved, with or without conditions, or rejected.
- 22.2.28 A copy of the report referred to in 22.2.27(d) shall be provided, on request, to any member of the public, upon payment of any reasonable fee imposed under legislation to cover the cost of providing the copy.
- 22.2.29 Each Minister and independent regulatory agency and, where the proposed project is to be wholly or partly on Tłı̨chọ lands, the Tłı̨chọ Government,
- (a) shall consider a recommendation of the Mackenzie Valley Environmental Impact Review Board under 22.2.12(c) and of a review panel in the report referred to in 22.2.27(d); and
 - (b) may accept the recommendation, may refer the recommendation back for further consideration except where the panel is a joint panel or may, after consulting with the Board or panel as the case may be, accept the recommendation with modifications or reject the recommendation.
- 22.2.30 In making a decision under 22.2.29 in relation to a proposed project that is wholly or partly in or may have an impact in Wek'èezhì, the importance of the conservation of the lands, waters and wildlife of Wek'èezhì shall be taken into account.
- 22.2.31 In considering a recommendation of the Mackenzie Valley Environmental Impact Review
-

- Board under 22.2.12(c) or of a review panel in the report referred to in 22.2.27(d), a Minister, the Tłıchǫ Government or an independent regulatory agency may consider information not before the Board or panel, as the case may be, and matters of public interest not considered by it. Any new facts bearing on the environmental impact of the proposed project considered by a Minister, the Tłıchǫ Government or an independent regulatory agency shall be identified by it in consultation with the Board.
- 22.2.32 Subject to 22.2.33, any decision of a Minister, the Tłıchǫ Government or an independent regulatory agency under 22.2.29 shall be implemented by it and by each department or agency, including any community government, for which it is responsible, to the extent of its authority under legislation or Tłıchǫ laws.
- 22.2.33 For greater certainty, an independent regulatory agency is not bound by any decision under 22.2.29 of the Minister responsible for it.
- 22.2.34 Legislation shall provide the Mackenzie Valley Environmental Impact Review Board with the power to subpoena witnesses and documents in carrying out its responsibilities.
- 22.2.35 Written reasons, which shall be public, shall be given for all decisions and recommendations under 22.2.
- 22.2.36 All parts of the process under 22.2 shall be carried out in a timely manner.
- 22.3 WEK'ÈEZHÌI LAND AND WATER BOARD
- 22.3.1 In 22.3, “land” means the surface of land.
- 22.3.2 A board, to be called the Wek'èezhìi Land and Water Board, shall be established, on the effective date, by legislation, as an institution of public government, to regulate the use of land and water and the deposit of waste throughout Wek'èezhìi except in a national park or a national historic park or site administered by Parks Canada. To the extent a community government has and exercises any power to regulate the use of land, the Board shall not have authority to regulate the use of land in that community. The legislation may provide for any matter not specified in this chapter in a manner consistent with this chapter. The legislation may provide that the Board has only administrative powers for an initial period, not to exceed six months but, during any such period, 22.3.9 to 22.3.12 and 22.4 apply to the board or panel exercising the substantive powers respecting land and water in Wek'èezhìi.

- 22.3.3 Excluding the chairperson,
- (a) 50 percent of the members of the Wek'èezhìı Land and Water Board shall be appointed by government; and
 - (b) the Tłıchǫ Government shall be entitled to appoint 50 percent of the members of the Wek'èezhìı Land and Water Board, subject to any agreement between the Tłıchǫ Government and another Aboriginal people, including an agreement under 2.7.3 or 2.7.4.
- 22.3.4 Where the Wek'èezhìı Land and Water Board is required to make a decision which may affect an area in Nunavut or the Northwest Territories that is adjacent to Wek'èezhìı and that is being used by an Aboriginal people and is within the settlement area of that people under its land claims agreement, that people shall have the right to have representation on the Board. Notwithstanding 22.3.3(b) but subject to 22.3.3(a), the Board shall determine how to implement this provision provided that at least one member is appointed by the Tłıchǫ Government.
- 22.3.5 The authorities entitled to appoint members to the Wek'èezhìı Land and Water Board shall consult with each other before making their appointments.
- 22.3.6 The chairperson shall be nominated by the other members of the Wek'èezhìı Land and Water Board and appointed jointly by the authorities entitled to appoint members of the Board. The members may nominate one of themselves or any other person.
- 22.3.7 A quorum of the Wek'èezhìı Land and Water Board shall consist of at least three members, including one of the members appointed in accordance with 22.3.3(a) and one of the members appointed in accordance with 22.3.3(b).
- 22.3.8 Subject to the requirements of 22.3.7, vacancies shall not prevent the remaining members from acting, and the Board may start to operate as soon as members who can constitute a quorum have been appointed.
- 22.3.9 The objective of the Wek'èezhìı Land and Water Board is to provide for conservation, development and utilization of the land and water resources of Wek'èezhìı in a manner that will provide the optimum benefit therefrom generally for all Canadians but in particular for present and future residents of Wek'èezhìı. In exercising its powers, the Board shall take into account the importance of conservation to the Tłıchǫ First Nation well-being and way of life.

- 22.3.10 To the extent provided by legislation, the decisions of the Wek'èezhìı Land and Water Board are subject to policy directions from the Minister and, in relation to the use of water or the deposit of waste, the approval of the Minister. Legislation shall provide that, in relation to the use of Tłıchǫ lands, the decisions of the Board are subject to policy directions from the Tłıchǫ Government, to the extent compliance with those directions do not require the Board to exceed its approved budget. The policy directions from the Minister and the Tłıchǫ Government will not apply to applications pending when the directions are given.
- 22.3.11 If there is a conflict between a policy direction from the Tłıchǫ Government and one from the Minister, the policy direction from the Tłıchǫ Government prevails.
- 22.3.12 Legislation applicable to the Wek'èezhìı Land and Water Board prevails over any conflicting policy direction from the Minister or the Tłıchǫ Government.
- 22.3.13 Legislation shall provide the Wek'èezhìı Land and Water Board with the power to subpoena witnesses and documents in carrying out its responsibilities.
- 22.3.14 The Wek'èezhìı Land and Water Board shall have the power to
- (a) issue, amend or renew authorizations and the terms and conditions attaching thereto for all uses of land and water and all deposits of waste, including those incidental to the exercise of subsurface rights;
 - (b) oversee compliance with its decisions through inspections or otherwise, provided there shall be no duplication of the compliance system as between the Wek'èezhìı Land and Water Board and other government agencies or departments;
 - (c) enforce or secure compliance with its decisions by the suspension or cancellation of authorizations and such other methods as may be provided by legislation;
 - (d) establish policies and guidelines applicable to its authorizations;
 - (e) hold public consultations and hearings in communities in relation to any matter within its jurisdiction;
 - (f) establish procedures for the conduct of its business, including public hearings; and
 - (g) propose changes to legislation or Tłıchǫ laws in respect of the use of land or water or the deposit of waste to government, including a community government, or the Tłıchǫ Government.

- 22.3.15 Before enacting legislation regulating the use of land or water or the deposit of waste that applies to any part of Wek'èezhì or Mqwhì Gogha Dè Nttlèè (NWT) or any amendments to such legislation, government, including any community government, shall consult with the Tłchq Government in relation to its application in Mqwhì Gogha Dè Nttlèè (NWT) and the Wek'èezhì Land and Water Board in relation to its application in Wek'èezhì. Before giving any policy direction to the Board or enacting any laws, in respect of the use of Tłchq lands, the Tłchq Government shall consult with government and the Board. Before giving any policy direction to the Board, the Minister shall consult with the Tłchq Government and the Board.
- 22.3.16 The Wek'èezhì Land and Water Board and government, including a Tłchq community government, must exercise any discretionary powers relating to the use of land that they may have under legislation in a manner consistent with any Tłchq laws made under 7.4.2 including any conditions on the use of Tłchq lands provided in a land use plan or otherwise.
- 22.3.17 Subject to any Tłchq laws made under 7.4.2 in respect of the use of Tłchq lands, legislation or Tłchq community government laws may provide for the exemption from any requirement for an authorization from the Wek'èezhì Land and Water Board of particular uses of land or water or deposits of waste.
- 22.3.18 Legislation shall provide for reasonable notice to affected communities and to the Tłchq Government of any application to the Wek'èezhì Land and Water Board for an authorization for the use of land or water or deposit of waste in Wek'èezhì.
- 22.3.19 The Wek'èezhì Land and Water Board shall consult with the Tłchq Government before issuing, amending or renewing any authorization in relation to Tłchq lands or waters overlying those lands.
- 22.3.20 Legislation may provide for the co-ordination of the activities of the Wek'èezhì Land and Water Board with other governmental bodies with responsibilities for the regulation of the use of land or water or the deposit of waste.
- 22.4 LAND AND WATER BOARD FOR LARGER AREA
- 22.4.1 Where legislation establishes any other land and water board with jurisdiction in an area larger than but including Wek'èezhì (“the larger board”), it shall assume the powers and responsibilities of the Wek'èezhì Land and Water Board. The provisions of the Agreement applicable to the Wek'èezhì Land and Water Board apply to the larger board except 22.3.3, 22.3.4 and 22.3.6 to 22.3.9.
- 22.4.2 At least one member of the larger board shall be an appointee of the Tłchq Government.

- 22.4.3 Where legislation provides for regional panels of the larger board, the legislation shall provide that the Wek'èezhìi Land and Water Board becomes a regional panel for Wek'èezhìi. For greater certainty, 22.3 continues to apply to that panel except that its jurisdiction may be restricted to activities no part of which is outside Wek'èezhìi and that have no impact outside Wek'èezhìi.
- 22.4.4 The objective of the larger board is to provide for the conservation, development and utilization of the land and water resources of the area for which it is responsible in a manner that will provide the optimum benefit therefrom generally for all Canadians but in particular for present and future residents of that area. In exercising its powers, the board shall take into account the importance of conservation to the Tłıchǫ First Nation well being and way of life.
- 22.4.5 Where the larger board is required to make a decision which may affect an area in Nunavut or the Northwest Territories that is adjacent to the area over which that board has jurisdiction and that is being used by an Aboriginal people and is within the settlement area of that people under its land claims agreement, that people shall have the right to have representation on the board. Subject to 22.4.2, the larger board shall determine how to implement this provision provided that the proportion of government nominees, not including the chairperson, is maintained at 50 percent of the board membership.
- 22.5 LAND USE PLANNING
- 22.5.1 Government may establish a mechanism for the preparation, approval and implementation of a land use plan that applies to all parts of Wek'èezhìi, other than Tłıchǫ lands, national parks and lands in a community.
- 22.5.2 Government, the Tłıchǫ Government and the Tłıchǫ community governments shall consult with each other during the preparation of land use plans for any part of Wek'èezhìi with a view to sharing information and harmonizing their plans.
- 22.5.3 The Parties may, by agreement, establish a land use planning body and a mechanism for the preparation, approval and implementation of a land use plan that applies to all of Wek'èezhìi other than national parks.
- 22.5.4 Upon the approval of a land use plan applicable to any part of Wek'èezhìi, government, the Tłıchǫ Government and the Tłıchǫ community governments and their departments and agencies, including the Wek'èezhìi Land and Water Board, shall exercise their powers in relation to Wek'èezhìi in accordance with the plan.

22.6 LAND OR WATER MANAGEMENT UNDER FUTURE LAND CLAIMS AGREEMENT

22.6.1 Before government concludes a future land claims agreement that would authorize a body (“new body”) other than the Wek’èezhìi Land and Water Board or the larger board referred to in 22.4.1 to regulate any use of land or water or deposit of waste in a part of Wek’èezhìi,

- (a) government shall notify the Tłıchǫ Government that such a provision is being negotiated and provide to the Tłıchǫ Government a reasonable opportunity to conclude an agreement with the representatives of the Aboriginal people to be party to that future land claims agreement respecting how the new body and that board will ensure that all their decisions for that use of land or water or deposit of waste in that part of Wek’èezhìi are made jointly by the new body and the board, by only one of them or by another authority;
- (b) government shall consider any agreement concluded under (a) and decide whether to approve it; and
- (c) the Parties shall amend the Agreement in accordance with any agreement approved under (b) and government shall ensure that the future land claims agreement accords with any agreement approved under (b).

22.6.2 If a future land claims agreement provides that a new body has authority to regulate any use of land or water or deposit of waste in a part of Wek’èezhìi, the new body and the Wek’èezhìi Land and Water Board or the larger board referred to in 22.4.1, as the case may be, shall, in the absence of an agreement approved under 22.6.1(b), make their decisions for that use of land or water or deposit of waste in that part of Wek’èezhìi jointly, in accordance with a process agreed to by them.

22.6.3 In the absence of an agreement approved under 22.6.1(b) or where the new body and the Wek’èezhìi Land and Water Board or the larger board referred to in 22.4.1, as the case may be, fail to agree on a process under 22.6.2 or to make a decision described in 22.6.2 within any reasonable amount of time specified in accordance with legislation, the larger board referred to in 22.4.1 shall make that decision.
